Installation notes	
<p>Garage doors/panels:</p> <ul style="list-style-type: none"> ➤ Panel replacement must be the same model/style as the other panels on the door. ➤ Unit owner may purchase the panel(s) from Chapman Place, Home Depot or Overhead Door. ➤ The full Cloplay 1000 garage door is now obsolete (Home Depot part #183), but panels can still be ordered from Home Depot or Overhead Door. ➤ You do have the option at any point to do a full garage door replacement : <ul style="list-style-type: none"> ○ All doors must include the window panel ○ See above for already approved equivalent door ○ Any other style must be pre-approved by the board ➤ If more than two panels are damaged, it may be more cost effective to replace the whole door. <p>Installation:</p> <ul style="list-style-type: none"> ➤ You can do the work yourself, hire Chapman Place or hire a contractor. ➤ After repair is completed, please call the office so the door can be reviewed by the committee for final approval.
