My Dear Neighbors,

November 6, 2019

I hope this has been a good week for everyone.

We are one week away from the 21st month anniversary of the sinkhole crisis on McLawren Terrace.

Calumet Grove Update:

1. Marion County Commissioner Jeff Gold has confirmed that Michael Savage, Marion County Building Safety Director, plans to attend the District 4 Board of Supervisors meeting on Friday, November 8th, 2019, at 1:30 pm at the Savannah Center. He will address concerns regarding the two damaged homes on McLawren Terrace and their 6-month permit extensions to April 20, 2020

2 Mr. Savage has been the sole approving authority for permits over the past 21 months for both McLawren homes under the previous and current owner (s).

3 District Manager, Richard Baier, has suggested that concerned residents in the McLawren neighborhood might want to attend the meeting to hear what Mr. Savage has to say, and perhaps residents might want to also come prepared with a few questions.

4 Attending and sharing our personal statements on this ongoing crisis and how these Permit extensions have directly affected our quality of life should be powerful and effective enough in impacting the current mindset of the Marion County officials.

I know that many of you may also have questions concerning these and other issues such as:

- A. The direct impact of future home prices
- B. Best practices on the construction site
- C. Mr. Wrobel's inability to pay Marion County taxes and local amenity fees
- D. The failing of Florida's Health & Safety standards pertaining to the pool
- E. Does the status of both homes remain condemned? There are no signs
- F. Why was only a partial inspection given at the close of the last inspection in Oct.

5 For our neighbors out of town or having other obligations that prevent attendance at the District 4 Board Meeting, you have an opportunity to forward your concerns and questions to the Board at the Email address with the Attention Line **“Calumet Grove Questions for Mr. Savage VCDD 4 Meeting Nov 8**
