

WHY CRAFT SODA ON DRAFT?

- Our kegs have the same pure cane sugar finished product as our glass bottles. With no “mixing and carbonating” at the gun, our gourmet Zuberfizz taste is true and consistent!
- This is craft soda on tap, NOT bag-in-the-box.
- In-line with Colorado Craft Beer (our roots), we’re pleased to provide customers a local and healthier alternative to the global Red and Blue soda brands.
- These green one-way kegs are 100% recyclable. No deposits. Zero Waste.
