*I understand that the Stay and Play program is an optional extended care program and that my child is not required to participate in order to attend A Little Schoolhouse. Children will be supervised by ALSH qualified, and screened staff in a mixed ages (3-5 years) classroom(s) during the Stay and Play time. We will offer educational and fun activities, outdoor playtime (weather permitting), and an opportunity for snack (provided by parent). Due to numerous allergies, and diet restrictions, we ask that you provide a small healthy snack and a labeled reusable water bottle if your child is participating in Stay and Play.*
