

## Rekindle the Joy, Energy and Power of Oneness

**Experience the vastness of your Being as you reconnect  
with like-minded souls,  
The Divine Light, and the Love and Wisdom of an Avatar of Oneness.**

**What?** Interview of 1/1/2 hrs with Indian Avatar Bhagavan in 2007 which helps us understand our greater role as spiritual beings having a human experience and how to align with that greater life purpose. Pat Shirk is our tech person and others from FSSC can help if needed with zoom connection. A heart centered meditation will follow.

This offering will also be on zoom for those in outlying areas and for those you cannot physically attend.
