Indian Foundation for Vedic Science, India

International Foundation for Vedic Science, Canada

Co-sponsor and media partner of the conference

Journal of Research and Education in Indian Medicine - an International Quarterly
BHU, Varanasi 221005 UP India

Having organised a successful first ever International Seminar on Vedic Microbiology and World Spirituality Conference, Indian Foundation for Vedic Science in collaboration with Nadi Vaidya Kayakalpa, Baba Mast Nath University takes a privileged pride to announce third in the series and first of its own type an International conference on '*Ayurveda, Yoga, Medical Astrology, Panchkarma & Naturopathy for World Peace, prosperity and Complete Health Care*' to be held from 29-31, October 2018 in Baba Mast Nath University, Rohtak, Haryana, India.

Here it may be reminded that Ayurveda, Yoga, Naturopathy, Medical Astrology developed in India as scientific and spiritual tools for promoting peace, prosperity, sound health and long life among human beings. These disciplines are also relevant even to our modern society, where whole world is grappling with manifold diseases and disturbances caused by religious, political and social conflicts. The food and drinking

habits, toxicity in the body and life styles are the main cause of conflicts in human beings. Ayurveda, Yoga and Naturopathy emphasise on a particular type of food regimen, drinking habit, life style and detoxification of body for securing a disease free, peaceful and prosperous world to live upon this globe. The Complete Health Care, World Peace and Prosperity in today's disturbed world can be attained only through the practice of Ayurveda and Yoga following a Nature friendly life style.

Moto of the Conference

Peace, Prosperity and Health for All

Aim of the Conference:

This conference is organised with the following aims :

1. To promote the Vedic Concept of '*Peace, prosperity and Health for All*' .
2. To create awareness at national and international level about the efficacy, cost-effectiveness and easy access to Ayurvedic, yogic and naturopathic treatment/therapy invented by the visionary seers of India in ancient times.
3. To teach people at large to lead the natural way of life, so that they can live peacefully, leading a prosperous and healthy long life without the aid of medicine and various therapies.
4. Popularisation of Ayurveda, Yoga and Naturopathy among the rural folk of this country and the other developing or underdeveloped nations of the world to choose the Ayurvedic, yogic and naturopathic system of medicine and treatment for making disease free and peaceful world.
5. Dissemination of the proven results of research work carried out by various Ayurvedic Vaidyas and scholars from time to time.
6. Providing a viable forum for the interaction and exchange of ideas among the stakeholders of civilisational knowledge in Ayurveda, Yoga and Naturopathy.

In order to redeem the above cited objectives, we invite papers from scholars on various aspects of Ayurveda, Yoga, Naturopathy and Medical Astrology. The tentative guidelines are given as under :

Call for Papers on Ayurveda

We invite papers from distinguished scholars on Eight disciplines of Ayurvedic treatment called Ashtanga Ayurveda, viz.

1. Surgery (Shalya-chikitsa)

Afterwards late registration fee will be charged 800/- form Indian participants and USD 75 from foreigners. All participants can register themselves by clicking on Conference option of our website: <www.vedicscience.net>

How to Reach Rohtak

This city was founded by the **Vedic** people, and was named Rohitak. It used to be located on Prime Meridian (0⁰ longitude or Lanka of Vedic times). This place is mentioned in the **Mahabharata**. It was the capital of Bahudhanyaka, the kingdom of **Yaudheyas**. In the Vinaya of the Mulasarvasti-vadins, Jivaka is represented as taking journey from Taxila in the north west of Bhadramkara, Udumbasa, Rohitaka and Nathura in the Ganga Doab. The ancient highway carried the trade of the ganga valley to Taxila passing through Rohitika to Sakala. The existence of the town during the rule of **Kushan** is testified by the recovery of Khushana Pillar Capital decorated with carving of winged lions and riders. Rohtak forms a part of the **National Capital Region** (NCR). It is located 70 kilometres (43 mi) north west of **New Delhi**, just 40-45 km from Delhi Border.

The climate is almost same as that of **Delhi**. During October, the temperature remains between 33⁰ Celsius to 19⁰ Celsius. Daily mean temperature is around 26⁰ Celsius. The Rohtak can be reached both by Air and train. Indira Gandhi International Airport is just 40 miles away from Rohtak. Ola cabs are easily available from Airport. Rohtak

is linked by train route. There is an arrangement for pickup and drop for foreign and Indian delegates coming via Air.

Contact Details

Participants can contact organisers for further information at the following email <vedicscience@gmail.com> or at the following Mobile Nos. 91 9313033917; 91 9896536225

We shall keep you updating from time to time. You can check with the website <www.vedicscience.net> for such updating of the Conference.
