My favorite christmas song is Frosty the Snowman because it is magical. Why I think that is because christmas is magical. It also inspires you to go build a snowman. It kind of tells you that magic is everywhere and in the air. You should cherish those moments with family and friends because it's special for many reasons. Some memories last forever and ever. So it give's you some advice so use it. It makes me happy and grateful for everything I have and things that I love.
