

MISSION STATEMENT

The purpose of Beatitudes of Our Lord school community is to enrich and provide each child with a faith-filled, safe learning environment where they have the opportunity to grow and succeed academically, spiritually, and morally.

PHILOSOPHY STATEMENT

The belief of Beatitudes of Our Lord School is to educate our students to become knowledgeable individuals who live out the Gospel teachings. We cultivate a faith-based community in order to develop contributing members of society who share their gifts and talents bestowed upon them by God.

Recognizing that parents are the primary educators of their children, we aspire to create community, not simply as a concept to be taught, but as a reality to be lived. As Catholic educators, we believe each person is made in God's image. In order for each child to succeed, we strive to live and build a strong faith-filled environment modeled after the teachings of Jesus Christ.

COMMITTED TO EXCELLENCE IN CATHOLIC EDUCATION

Beatitudes of Our Lord School is committed to providing our students with a quality well-rounded Catholic education embracing spiritual and social growth and giving them and advantage for life.

Our students are recognized for their outstanding performance in areas of academics, fine arts, and athletics, as well as, gaining the respect of the community by displaying exceptional conduct including attitude, actions and mindset.

We invite you to you to come journey with us to see God's glory revealed. Please contact the school office for information regarding admissions, fees, and volunteer opportunities.
