

ANNUAL SWIP REPORT

ANNUAL | 2016

Town of Coventry - SWIP Reports

General Information:

Population of SWME area:

1,014

Square miles of the SWME area:

28

Households in the SWME area:

379

of drop-off center and transfer stations:

1

G1. Disposal Rate

Please enter your region's current per capita disposal rate, based on data from the previous calendar year. *

2.90 *lbs/per person/day*

Select the method that was used to calculate your region's per capita disposal rate. *

- Used data from Re-TRAC to isolate trash generated within region
- Used data from other reporting software used by district
- Used a combination of both
- Other

If you selected 'other,' please describe. *

Weighed residents bags at NEWSVT Drop Off on 5/14/16

Please enter your region's current diversion rate, based on data from the previous calendar year.

29 % *percentage of total MSW generated in region that was diverted to landfill alternatives*

Please briefly describe what methods and data sources were used to obtain your region's diversion rate.

Diversion Rate = Pounds Recycled 29% Pounds Recycled + Pounds Disposed Based on actual weights from random residents bags weighed at NEWSVT drop off on 5/14/16.

G2. Website

Provide link to website where Solid Waste Implementation Plan is posted. *

<http://www.coventryvt.org/solid-waste---recycling-.html>

G3. Article Submittal or Op-ed to Newspaper

Date article or Op-Ed published: *

01/01/2017

Name of local newspaper where article was published: *

chronicle & orleans county record

Link to online copy of article (if available):

N/A

G4. Conduct survey using ANR Template

Note: Survey's are only required in Year's 1 and 5.

Check here to certify that your survey results will be uploaded to the 'Supporting Documents' section of this report, using ANR's survey results worksheet.

G5. Public Meetings

List the meeting date for any public meeting held in this past year. Meetings are required in Years 2 and 5.

01/01/2016

Provide link to meeting minutes posted online:

N/A

G6. A-Z website

Provide link to website where A-Z material listing guide is located. *

pending

G7. Implement variable rate Pricing

Provide a brief description of your region's Variable Rate Pricing (VRP) program. Note what has been successful, and if haulers/facilities were brought into compliance according to your Solid Waste Implementation Plan. Note any remaining entities that need to be brought into compliance, and the plan for doing so.

N/A

G8. Haulers servicing the Region

Indicate total number of commercial haulers providing service in your region: *

5

Are there any updates to the list of commercial haulers provided in your SWIP? *

Yes

No

R1/O1/H1. School Outreach

Enter the number of schools in your region: *

1

Enter the number of schools contacted in this past calendar year as part of outreach goals: *

1

In your outreach to schools this past calendar year, which MMP designated materials did you emphasize? Check all that apply: *

Mandated recyclables

Food scraps

Leaf & yard debris

HHW/CEG waste

I will upload my updated business/school outreach spreadsheet to the 'Supporting Documents' section of this report (check to certify). *

Optional: I am including examples of outreach materials used for education in schools in my mini-portfolio in the 'Supporting Documents' section. *

Yes

No

Please provide a brief description of the school outreach work performed in this past calendar year. Address the topics of recycling, composting and hazardous waste. Bulleted lists of key activities are accepted (Max. 250 words) *

(Provide a bulleted list or brief narrative of activities performed below) Margaret Maxwell visits the school and discusses goals of recycling, composting and HHW management. School is very zero waste conscious.

R2/O2/H2. Multi-media Campaign

Please provide link(s) to any social media accounts your organization runs:

N/A

In your multi-media public outreach this past calendar year, which MMP designated materials did you emphasize? Check all that apply. *

Mandated recyclables

Leaf & yard debris

Food scraps

HHW/CEG waste

Construction & demolition materials

Pharmaceuticals

*Optional: I am including examples of my region's multi-media public outreach tactics in my mini-portfolio in the 'Supporting Documents' section. (Examples can include copies of outreach materials used, ads placed, events held/attended, mailing lists, etc.) *

Yes

No

Please provide brief description of public outreach/media campaign performed in this past calendar year. Bulleted lists of key activities are accepted. (Max. 250 words) *

(Provide a bulleted list or brief narrative of activities performed below) Mailers to residents & businesses

R3/O3/H3. Business Outreach

Enter approximate number of businesses in your region:

11

Enter the number of businesses contacted or visited in this past calendar year as part of outreach goals: *

11

In your outreach to businesses this past calendar year, which MMP designated materials did you emphasize? Check all that apply. *

Mandated recyclables

Food scraps

Leaf & yard debris

HHW/CEG waste

I will upload my updated business/school outreach spreadsheet to the 'Supporting Documents' section of this report (check to certify). *

Optional: I am including examples of materials used for outreach to businesses in my mini-portfolio in the 'Supporting Documents' section. *

Yes

No

Please provide brief description of business outreach performed in this past calendar year. Bulleted lists of key activities are accepted. (Max. 250 words) *

(Provide a bulleted list or brief narrative of activities performed below) mailed brochures to businesses

R4/O4. Event Waste Reduction Assistance

If available, provide link to webpage where information on waste reduction assistance for events is available:

N/A

Provide a brief summary of waste reduction assistance given at events in your region this past calendar year. *

N/A

R5. Textile Recycling

Provide link to webpage with information on textile recycling: *

<http://nebula.wsimg.com/573dbb40d4edd88914318f60d12dd0d7?AccessKeyId=4DD01A8995AD548CC45B&disposition=0&alloworigin=1>

1.

List address of permanent collection location(s) for year round textile collection in your region, if available.
Permanent collection location must accept: rags, shoes, all linens and clothing.

no address

OR

If no permanent collection location(s) for textiles exist in your region, provide the date(s) and a brief description of Drop-and-Swap events or other collection options made available.

Yellow bin company pulled boxes out of the area - not profitable.

O5. Food Rescue Group Collaboration

Please provide brief description of your efforts to contact food donation groups and coordinate outreach/education over the past calendar year. Describe any successes or challenges to build from for next year. *

Green Mountain Farm to School is a program supporting sustainable food programs for the community.

Insert link to webpage with food donation information (optional):

<http://nebula.wsimg.com/573dbb40d4edd88914318f60d12dd0d7?AccessKeyId=4DD01A8995AD548CC45B&disposition=0&alloworigin=1>

O6. Leaf and Yard Debris Collection

1.

List address(es) of permanent collection location(s) for year round leaf and yard collection in your region.

21 Landfill Lane, Coventry

OR

If no permanent locations exist, list the alternative location and operating hours for leaf & yard debris drop-off. Alternative location must operate at least one weekday and one weekend day.

Insert link to webpage with information (optional):

<http://nebula.wsimg.com/573dbb40d4edd88914318f60d12dd0d7?AccessKeyId=4DD01A8995AD548CC45B&disposition=0&alloworigin=1>

Optional: I am including sample signage, images, ads, or other outreach materials to promote leaf & yard collection in my mini-portfolio in the 'Supporting Documents' section. *

Yes

No

C1. Construction and Demolition Debris Outreach

List one key message delivered to the public about C&D waste reduction within this past calendar year. *

Making residents aware of new Architectural Waste ANR guidance.

Insert link to webpage with construction & demolition recycling information (optional):

<http://nebula.wsimg.com/573dbb40d4edd88914318f60d12dd0d7?AccessKeyId=4DD01A8995AD548CC45B&disposition=0&alloworigin=1>

Optional: I am including sample signage, images, ads, or other outreach materials to construction & demolition waste recycling or reduction in my mini-portfolio in the 'Supporting Documents' section. *

Yes

No

C2. Clean Wood Collection

Check this box if the collection points are the same as the leaf & yard debris collection locations already listed in O6.

OR

1.

List address of collection point(s) for clean wood in your region. These must be established before July 1, 2016.

21 Landfill lane, Coventry

Describe how clean wood waste is being processed or managed. *

We understand NEWSVT is exploring where clean wood debris can be delivered. If no outlet can be located, it is our understanding it will be chipped on site and used for landscaping or similar.

C3. Construction and Demolition Debris Materials

This is not required until Year 5.

List at least one collection location for asphalt shingles in region:

NEWSVT LF

Indicate where asphalt shingles are being shipped for recycling:

They are disposed at NEWSVT

List at least one collection location for drywall in region:

NEWSVT LF

Indicate where drywall is being shipped for recycling:

It is disposed at NEWSVT

Provide description of efforts made toward establishing collection locations for asphalt shingles and drywall in this past calendar year (if any). For example: provide updates on projected dates when locations will be made available; any available data on volumes of material currently collected in district, etc.

No close outlets for these materials.

H4. HHW Event Requirements

Have you met minimum event and/or permanent facility conditions for HHW/CEG for this SWIP year? (Table of yearly requirements shown below as a reminder) *

Yes

No

Calendar Year	SWIP Term Year	H4 Requirement: Convenience Standard
2015	Year 1	Minimum of 2 events <u>or</u> access to permanent facility year-round
2016	Year 2	Minimum of 2 events <u>or</u> access to permanent facility year-round; Ensure year-round collection options exist for: batteries, fluorescent lamps, mercury thermostats, 1-20 lb. propane tanks, electronics, paint, and used oil.
2017	Year 3	Minimum of 3 events <u>or</u> access to permanent facility year-round; Plus year-round collection options for listed materials (see Year 2)
2018	Year 4	Minimum of 3 events (with more required if 15 mi. radius clause not met) <u>or</u> access to permanent facility year-round; Plus year-round collection options for listed materials (see Year 2)
2019	Year 5	Minimum of 4 events (with more required if 15 mi. radius clause not met) <u>or</u> access to permanent facility year-round; Plus year-round collection options for listed materials (see Year 2)

How did you meet these requirements? Check all that apply. *

Events (at least minimum number)

Events that provided convenience to all areas of region (met minimum number and 15 mi. requirement)

Permanent year-round facility in region

Combination of permanent facility and events

Indicate the materials that are collected at year-round collection sites in your region (check all that apply): *

Batteries (single-use, small rechargeable, and lead-acid)

Fluorescent bulbs

Mercury thermostats

Electronics

Paint (oil and latex)

Used Oil

1 & 20 lb. propane tanks

Tires

NOTE: By Year 2 (reporting for calendar year 2016), SWMEs need to be able to check all boxes. A collection location can be privately or publically operated. For example, a hardware store collecting paint year round meets the requirement.

I will upload a list of collection locations, providing at least one example for each of the materials above, to the 'Supporting Documents' section of this report (check to certify). *

I affirm that I have reported HHW collection for the past calendar year using the annual Re-TRAC HHW/CEG reporting form. *

Yes

No

Do you have a baseline HHW/CEG participation rate for this past calendar year? If so, please indicate participation rate as the percentage of households in your regions participating (number of households participating / number of households in region x 100)?

7 % Household Participation

S1. Biosolids Outreach

Did your organization do any outreach work this past calendar year to promote beneficial uses of biosolids, or to raise awareness about the hazards of disposing household hazardous waste or pharmaceuticals in wastewater and septic systems? NOTE: This is not required until Year 5.

Yes

No

S2. Biosolids Beneficial Use

Please describe efforts made this past calendar year to continue to work towards beneficial use of biosolids in your region. This is not required until Year 5.

N/A

File Attachments

Click the 'Upload File' button to attach supporting documents as required.

* Maximum file size is 5 MB.
