K1 Chromebook, Can Do!

Leverage the versatility of a chrome book in a K1 environment. Our session will include realistic goals, management, instruction and projects for the early learner.

A. Think Big - set goals - foster independence

1. Scaffolding of goals - eating a giant ice cream sundae
2. Look for obstacles and head them off - student literacy knowledge vs user names and passwords, issues with your firewall etc.
3. Define measurable steps along the way with a gradual release model

B. Care and Feeding of a Chromebook

1. Headphones are a must
2. Microphones are very useful vs omnidirectional built-in mics - those that say they are not a need do not work in a room with the same number of people you do.

C. Versatility as an instructional tool

1. Front load - YouTube, <http://www.storylineonline.net/>, <https://www.getepic.com/educators>
2. Direct instruction - web knowledge. <http://www.abcya.com/>, <http://www.starfall.com/>
3. Products and projects

D. Instructional Strategies

1. QR codes vs Bookmarks- How to make a QR code 2 min 30sec
