## Pick-up Hotline (916)256-1555

Advanced notice for early or late pick-up requests will help us accommodate special circumstances otherwise our delivery's are set up on pre-established routes; for the most part. We will do our best to pick up your cases in a timely manner; however alginate- type impressions may not be poured up for several hours. We suggest you pour your own models during the hot summer hours and especially if you know our delivery driver will not be able to reach your office in a timely manner.

Please use our schedule below to help you schedule your patients. Feel free call us with questions
