Northeastern Kansas Beekeepers' Association

Year 2 and Bee-yond Beekeeping Class for 2023

February 25, 2023

Where: Douglas County Fairgrounds, 2110 Harper St, Lawrence, KS 66046. Building 21

When: Saturday, February 25, 2023,8:30am - 5:00pm

Are you a beekeeper or a bee-haver?

- -Please silence your mobile phone.
- -Questions are welcome. If the speakers don't know the answers, they will try to find the answers for you. We have over 300 years of beekeeping experience represented today.
- -We will make every effort to stay on schedule. Our speakers have valuable information. Information is more important than a rigid time clock. We will be patient and respectful.
- -Each registration will receive a notebook for summaries, notes, and references.
- -Visit our vendors for information and equipment.
- -We are a not-for-profit association. Everyone here is a volunteer. We appreciate your support and patience.

Section	8:30 – 9:50	Registration
when & how to feed hard sugar cakes, what temps can brood frames be pulled out, accessing dead hives. 9:35-10:05	8:50 - 9:00	Introductions—Kristi Sanderson
colony populations, varroa mite levels, cleaning bottom board & propolis off frames, hive box reversals or not, frame replacement order after inspection, removing entrance reducers & mouse guards 10:10-10:40 Break / vendor time (pre-packaged snacks) 10:45-11:30 Splitting & Requeening Kristi Sanderson. Finding the queen, care of queen, moving the split. 11:35-12.05 Swarming Becky Tipton. Preventing, what to do once hive has swarmed, cutting queen cells or not 12:05-1:05 Lunch / vendor time (boxed) 1:05-1:45 Producing Comb Honey & Supering Joli Winer.
