

Upper Elementary U.S. Geography/U.S. Presidents

Description~The Upper Elementary U.S. Geography/U.S. Presidents course is for 3rd-6th graders. While students explore the wonder of our country, they will be taught to memorize and locate the 50 states and capitals. They will also create a personal binder filled with pictures and facts about the Presidents and brief historical events that occurred during their terms. Homework may be given at times, but will be limited to no more than 1 hour per week.
