## Request for Rebate Processing For the Year Ending December 31, 2014

Once again, some of our manufacturers are planning some exciting rebate programs for 2014. For many contractors, this can be difficult to complete and many fail to take advantage of the offer. As a service to you, our valued customer, we can save you hours of time by completing the rebates for you. No more piles of paperwork to dig through! No more missed deadlines! We make it simple and easy.

Just complete this form and return it to us and we will process your qualifying rebates for the manufacturers indicated below. We will submit your rebate redemption form each month, or as applicable. If additional programs become available from other manufacturers, we will contact you for your permission to add them to the list below.

You must have an Acme Cash Account or an Acme Charge Account in good standing in order for us to process your rebate. An email address or your gift card number is required for some rebates. We will report to you via email or text to let you know what has been submitted on your behalf.
