As per bylaw 286-2018 Council and/or Council Committee meetings may not be filmed or voice recorded.

- p 16-21
- c) Boat Lifts and Docks – further to Council's initiative to try to remove these chattels from our municipal reserve properties, attached is a request from a property owner to consider implementing a program that would allow back lot owners an opportunity to store lifts and/or docks on municipal reserve properties. Administration has attached a couple of policies from other Summer Villages to give some thought to how we may be able to set up same if Council so desired.

(establish a policy, deny the request, or some other direction as given by Council at meeting time)

- p 22-23
- d) Sturgeon River Watershed Alliance (SRWA) – Alberta Community Partnership (ACP) Agreement request for time extension. Silver Sands is the managing partner for the SRWA in an ACP grant which has funds remaining so we have requested and been approved for a time extension to complete this project. This time extension agreement has been signed and sent back to the Province.

(ratify the actions of Administration in signing and returning the time extension amendment agreement for the Alberta Community Partnership (ACP) Intermunicipal Collaboration Component Time Extension for project no. 1920-IC-37 which is the Sturgeon River Watershed Alliance Intermunicipal Watershed Planning project – original grant amount of \$200,000.00, extension granted to December 31, 2023)

To All Property Owners within Poppy Place Subdivision

Re: Poppy Place Fence

Silver Sands Council have been deliberating for about a year regarding the future of the wooden fence that was originally constructed by the Developer of Poppy Place Subdivision that runs along Twp Rd. 540 (alignment is shown on attached survey).

Council would like to invite all property owners to an onsite discussion of this fence on **Friday, July 1st, 2022 at 7:00 p.m.** If you are available, please join us for this discussion, we will meet by the entrance to the subdivision.

Thank you for your attention to this matter, and we look forward to meeting and discussing this matter with the property owners most directly affected.

Yours truly,

Wendy Wildman,
Chief Administrative Officer

Hi Heather,

As the co-owner of 11 Poppy Place, I would like to disagree with the fence being replaced as well. The reasoning for the fence replacement is not valid, and does not align with the other streets of the village. There are no other fences currently constructed by the village on silver sands road so I believe there should be no exception taken here.

The residents that back on silver sands road are responsible for their own privacy and properties, just like I am responsible for my own. If I wanted to build a fence for privacy and safety concerns, I would construct this at my own cost. If we are adamant that there is a real concern, the village as a whole should be involved in the process, not just individuals of Poppy place.

If the intent discussed was for Poppy place residents to fund this project, I would like to see financials for the street. My understanding is those requesting this project are not in compliance with the bylaws, do not have a residence on the property, and are therefore not paying a proportionate amount of taxes compared to those in compliance. Given that I pay taxes to the village of silver sands, it's very unclear how they are being calculated/used/and distributed among each street within the community. If possible, could you please provide the Financials in advance of the next council meeting so that I can review?

I would ask that the council practice reasonable judgment when discussing this issue and take into account the village as a whole.

Thanks,

Christine

Good day, Stuart from 11 Poppy Place

I would like to note I am in disagreement with having the fence replaced.

I am not affected whatsoever by the fence, and neither are many of the owners in here. The complaint originally started from an owner that is already in violation of the municipal bylaw. They do not have a home on the residence and only a trailer.

If the fence is a concern to them they should take whatever measures they want to rectify it at their own expense. I do not want my taxes increased for a fence that only benefits a few residents.

Based on our conversation, the fence is actually not even supposed to be there as the previous developer was told they were not allowed to construct it.

The complaining party's reasoning of being worried about cars running into their property would not be solved by a chain link fence.

Once the property owner constructs a residence and is in compliance with the by law then maybe a conversation could be had. I am not willing to pay for this. I would like this discussed further, as I assume I pay more property taxes than most, I would like to see the breakdown, and everyone in Silver Sands should be paying, not just land owners on Poppy Place.

Dear Deputy Mayor Turnbull,

I've been storing my boat lift and dock on Village easement for 5 years. I take all necessary precautions to ensure my lift and dock doesn't create any hazardous issues to the villagers using the pathway to and from the lake. If I wasn't able to store my lift and dock on Village easement, it would make it very difficult for me to remove these items every year because I do not have lake shore residency and there is limited access to that easement. As a resident of Silver Sands, I'm requesting that council make any necessary changes to appropriate bylaw to allow me and other non lake front residents, to continue to store our boat lift and dock on Village easement.

I have several neighbors on both sides of the easement who will attest that my lift and dock are stored safely every year and do not create a concern to them.

Thank you for your understanding.

Approval	Approved		Last Revised	
(CAO initials)	Resolution No:	124-19	Resolution No:	
	Date:	July 17-2019	Date:	

Policy Statement

The purpose of this policy is to provide direction for the ongoing management of Summer Village municipal and park reserve lands and how to deal with existing encroachments, storage and discretionary use on these lands.

Reason for Policy

The Summer Village of South View has deemed it necessary to put a policy in place with respect to the use of municipal and park reserves in order to provide consistent park maintenance, to address liability and safety concerns, and to allow all residents in the Summer Village free and unencumbered access to these reserve areas.

Encroachments and Storage of Chattels and Structures on Reserve Lands

Private chattels and structures, including but not limited to sheds, fences, gardens, boats, boat hoists, piers, pier-stands and buildings are occasionally found to be located on reserve lands. In order to address these unauthorized items on these reserve lands, the following will apply:

- Chattels and structures must be removed from all municipal reserve areas between November 1st and April 30th of each year. This policy will be reviewed prior to April 30th of each year to determine if additional summer restrictions will be imposed.
- Property owner(s), if known, will be asked to remove unauthorized chattels and structures. If the owner of any chattel or structure is unknown, and not clearly visibly marked on the chattel or structure itself, this chattel or structure will be removed as soon as possible.
- In unusual or extenuating circumstances, the Summer Village may consider allowing a structure to remain on reserve lands, with an approved Discretionary Use Agreement.

Responsibilities

The Summer Village will remove all chattels and/or structures within 30 days of non-compliance. Structure(s) that have an approved and current Discretionary Use Agreement will be allowed as per the terms of the Discretionary Use Agreement.

Disposition of Seized Equipment

- Seized chattel(s) will be removed and stored at a municipal location for a maximum of 30 days.
- To reclaim seized chattel(s) within the 30 days, a fee of \$100.00 plus the cost of removal and storage is owed and payable to the Summer Village, prior to the release of the seized chattel(s).
- After 30 days the seized chattel(s) will be sold or destroyed, at the sole discretion of the municipality.
- If the seized item(s) is sold and the owner is unknown, the municipality will be paid their costs and retain all surplus funds.
- If the seized item(s) is sold and the owner is known, the municipality will be paid their costs and the remaining funds will be paid to the owner.

Approval	Approved		Last Revised	
(CAO initials)	Resolution No:	142-19	Resolution No:	
	Date:	August 16, 2019	Date:	

Policy Statement

The Summer Village of Yellowstone requires that all privately-owned boat lifts, pier sections and pier stands be removed from the municipal reserve areas, public parks and parkways by June 1 of each year.

Reason for Policy

The Summer Village of Yellowstone has deemed it necessary to remove the boats lifts, pier sections and pier stands to provide consistent park maintenance. Removal of these items also allows all residents in the Summer Village free and unencumbered access to the municipal reserve areas, parks and parkways.

Related Information

The Summer Village of Yellowstone does allow for storage of privately owned boat lifts, pier sections and pier stands on the public parks and parkways during the period of September 1 to May 31 of each year. Storage of these items must be to the side of the municipal reserve, park or parkway, so as to not interfere with public access to the lake.

Residents may contact the Summer Village Administration during regular office hours Monday through Friday to arrange for access through a locked gate to a park to remove their boat lift and/or pier sections.

Responsibilities

It will be the responsibility of the owner of the boat lift, pier section or pier stand to remove their item from the municipal reserve, parks or parkways prior to June 1st. The Summer Village may remove all privately-owned boat lifts, pier sections and piers stands remaining on the municipal reserves, parks or parkways between June 1 and September 1 of each year.

Summer Village of Yellowstone

Administrative Policy

Disposition of Seized Item(s)

- Seized item(s) will be removed and stored at a secure municipal location for a maximum of 30 days, with all associated costs being charged to the owner of the item(s).
- To reclaim seized item(s) within the 30 days, a removal fee of \$100.00 is owed to the Summer Village in addition to the associated costs for the Summer Village to remove and store.
- After 30 days the seized item(s) will be sold or destroyed, at the discretion of the municipality, with all associated costs being charged to the owner of the item(s).
- If the seized item(s) is sold and the owner is unknown, the municipality will be paid their costs and retain all surplus funds.
- If the seized item(s) is sold and the owner is known, the municipality will be paid their costs and the remaining funds will be paid to the owner.

Dear Ms. Wildman:

**Re: Alberta Community Partnership (ACP) – Intermunicipal Collaboration Component
Time Extension – Project No. 1920-IC-37**

This letter regards a time extension amendment as requested by you for the Summer Village of Silver Sands' Sturgeon River Watershed Alliance Intermunicipal Watershed Planning project, funded by a 2019/20 ACP grant of \$200,000.

On behalf of the Honourable Ric McIver, Minister of Municipal Affairs, the extension of the project completion date from December 31, 2022 to December 31, 2023 has been approved. Please indicate your agreement with this amendment by signing where indicated and returning a copy of this letter.

Except for the amendment specified above, all other provisions of the Original Agreement as amended from time to time remain in full force and effect.

We recognize the municipality's commitment to the project and strongly encourage the Summer Village of Silver Sands to complete it by December 31, 2023, as future time extensions may not be granted. If the reporting requirements of the conditional grant agreement are not met, the Minister may request the return of grant funds per clause 2(k).

I look forward to learning of the successful completion of the project.

SVSS Council Meeting July 29, 2022

Update from June 17, 2022 Council Meeting

1. We are still waiting on Jackie to come and spray the weeds on the shoulders of the roads.
2. Haven't had the MADD ATV display installed yet.

New Items

1. Paige started back for the summer.
2. Received a quote from Phoenix Fence for replacing the fence on Poppy Place. Installation of 6 foot fence with Privacy slats and standard depth into the ground (approximately 3 feet), is \$25,061.31. Additional charge for deeper post to be decided in a site meeting.
3. During large rainstorm there was flooding from up by the Golf Course that flows through the reserve and onto #1 Hillside. Met with the homeowners and they expressed that they were told something was going to be done in the reserve to fix this problem by Dan. I have met with Carl Schnell and he will provide a price on doing some drainage work in the reserve to help with this problem. The Lot at #1 Hillside is a great deal lower than the other lots. We put sandbags to temporarily help direct the water away.
4. Materials are ordered for the drainage projects scheduled for this year. We are waiting on Surveying for the projects to commence.
5. I would like to hire Carl to bring some gravel and use his skidsteer to fix the road to the boat launch. A lot of the gravel streets are in need of work.
6. I will need to rent a manlift to remove trees in several areas for the drainage projects.
7. The dogs from the farm on Range Road 52 and TWP 540 have been ripping up garbage and knocking over garbage bins in the Village and at the Golf Course.

Subject: Updates to MSI Program Guidelines
From: <MA.MSICapitalGrants@gov.ab.ca>
Date: Thu, June 23, 2022 2:54 pm
To: Wendy Wildman <administration@wildwillowenterprises.com>

I am pleased to advise the Municipal Sustainability Initiative (MSI) Capital and Operating Program Guidelines have been updated and are effective as of January 1, 2022. The guidelines are attached for your convenience but are also available at www.alberta.ca/municipal-sustainability-initiative.aspx.

Several administrative program changes are now in place to support the wind-down of the MSI program in 2023 and facilitate the transition to the Local Government Fiscal Framework (LGFF) in 2024.

I would like to draw your attention to the following key changes:

MSI Operating Guidelines

Section 6.2 Carrying Forward Funds

- The time limit to spend MSI operating funding will be strictly enforced when MSI ends in 2023/24. Municipalities are required to spend their 2023 MSI operating allocation, including credit items on/before December 31, 2023. MSI operating allocations, including credit items, not expended on/before December 31, 2024 must be returned to the Government of Alberta and the municipality will forfeit any unpaid allocations.

Section 8.1 Payments

- Allocation payments will only be issued to municipalities whose previous year Statement of Funding and Expenditures (SFE) reporting has been certified (rather than payment upon SFE submission).

Section 8.2 Statement of Funding and Expenditures (SFEs)

- Operating SFEs cannot be reset, regardless of the condition.

107

MSI Capital Guidelines

Section 6.2 Carrying Forward Funds

- The time limits to spend MSI capital funding will be strictly enforced when MSI ends in 2023/24. Municipalities who have not spent their 2007 to 2018 allocations, including credit items on or before December 31, 2023, will be required to return those funds to the Government of Alberta and/or if applicable, the municipality will forfeit any 2007 to 2018 unpaid allocations. In addition, any unspent or unpaid MSI allocations from 2019 and onward, will be carried over to the LGFF to ensure municipalities can continue to receive these funds for capital infrastructure projects.

Section 8 Application and Amendment Process

- Municipalities will not be able to submit any new MSI capital projects and/or MSI capital project amendments after December 31, 2023.

Section 8.4 Maximum Project Commitment Limit

- The maximum amount of MSI capital funding municipalities can commit to projects will be based on total MSI allocated to date (2007 to 2022), including credit items plus the estimated 2023 MSI funding allocation (rather than five times the current year allocation).

Section 10.1 Payments

- Capital payments will only be made in a single installment (rather than having the option of a 50 per cent payment).
- Allocation payments will only be issued to municipalities whose previous year SFE reporting has been certified (rather than payment upon SFE submission).
- Certified SFEs can only be reset to make corrections to project statuses or the amount of committed MSI funds. It is not permissible to reset an SFE to reverse an MSI expenditure for the purpose of replacing the MSI funding with an alternative funding source.

Additional information on each of these respective program changes is provided in the "Overview of Changes" attachment.

As per the Minister's recent correspondence, the ministry has initiated the engagement phase for the LGFF program design and funding formula. Please work with your associations to share your perspectives on the funding formula, and with your council and administration to share input to Municipal Affairs on the program design.

Should you have any questions regarding the MSI Capital or Operating Program Guidelines, please contact a MSI grant advisor toll-free by first dialing 310-0000, then 780-422-7125.

Sincerely,

Gary Sandberg
Acting Assistant Deputy Minister

Dear Wendy:

Re: Peace Officer Services Agreement

Please be advised that CPO Dawn has accepted a position with the MD of Bighorn effective July 01, 2022. Because of this, the Town of Mayerthorpe will unfortunately no longer be able to fulfill the terms of the above noted Agreement dated January 13, 2017. Per the terms of the Agreement, as of July 1, 2022 CPO Dawn will no longer hold a valid appointment with the Solicitor General with the Town of Mayerthorpe. CPO Dawn will continue to provide the weekly patrols in accordance with the Agreement until the end of June 2022.

Town of Mayerthorpe has sent the job posting for advertising with a closing date of June 30, 2022. If a suitable candidate can be hired in a timely manner, we will reach out to you to see if you wish to consider this service at that time.

Please feel free to contact me if you have any further questions or concerns.

Dear Tim:

Re: April 25th, 2022 Multi-Structure Fire in the Summer Village of South View

In reference to the above noted, we are following up as to when we can expect to receive the fire invoices and incident reports for this incident.

There were 3 fire departments who responded: Onoway Regional Fire Services, Lac Ste. Anne County and Parkland County. As we are coming up on 2 months, and the homeowners and their insurance adjusters are looking for information on this incident, as the Administration for ORFS, we refer to you to gather and forward these documents to us.

As this was a significant incident, Council and Administration are also looking forward to receiving a post incident report on what went right, what needs improvement, what are initiatives we can take to be better prepared for a future fire incident etc. This information should also be shared at the next ORFS meeting when all 10 member municipalities are present so we can all learn from this incident.

Your time and attention to this matter is appreciated. Thank-you.
