

EMPOWERMENT through EMPLOYMENT

I Am Works fosters empowerment through employment by focusing on job opportunities, training, and outreach.

We link individuals with job opportunities, social and work-related skills training to help them gain confidence and skills necessary to sustain employment, creating a level of self-sufficiency.

We are committed to meeting the needs of disabled and other disadvantaged persons.

Our pride in the quality of services that we provide are reflected in our business and community relationships.

Our Vision - is to aid individuals in achieving independence and improvement through work and service.

We invite you to join us as a contributor, advisor and/or volunteer. Together we can empower and create opportunities for the future. That's why your **WORKS MATTER**.

I AM WORKS activities are funded by gifts, grants, and contributions received.

COMMUNITY INVOLVEMENT & SERVICE

I AM WORKS ASSOCIATION

Where Works Matter.

COMMUNITY REHABILITATION PROGRAM

SERVICES & OUTREACH

I Am Works Association seeks to form partnerships with entities that represent the interest of workers and families to facilitate our programs.

Community Rehabilitation Program Services & Outreach Program

Our goals and building blocks will lead our community to stable jobs, income and services to support families; creating a long-lasting impact in the attitudes and lives of those less fortunate.

Strengthen partnerships with business entities to employ more than 75% of our workforce with individuals with disabilities

Increase services and outreach participation by 20%

Grow academic connections to link and increase formal learning opportunities

Attitudes are important influencers affecting the employment and retention rate of people with disabilities. Jobseekers with disabilities perceive themselves as having the ability to work and support themselves.

The **Community Rehabilitation Program (CRP)** gives individuals with disabilities the opportunity to work within their community.

Certified partner with Texas Industries for the Blind and Handicapped (TIBH)

Offering commercial janitorial and lawn maintenance services

Turning social issues into business opportunities; hiring a qualified person with a disability brings greater benefits beyond just filling a job.

Employees with disabilities bring unique experiences that transform a workplace

A large number of Americans say they prefer to patronize businesses that hire people with disabilities.

1 in 5 have a disability

The **Services and Outreach** provided lay the foundation for participants to develop and/or enhance professional and practical skills, and build workplace competencies.

In addition to supporting skills necessary for successful life transition or return into the workplace, we encourage and facilitate volunteer activities within our organization and other non-profits.

Life Skills

Resume / Interviewing

Volunteering – *Angel Works Program*

Our goal is to connect resources and referrals between both public, private, and not for profit organizations; for individuals and their families.
