

HENS - HAGUE CANDIDATE

Hague resident, DENNIS HENS, is seeking a position on the Ticonderoga Central School District's Board of Education. There are six candidates running for three seats on the Board. This will be the first opportunity for Hague residents to vote for a community resident to represent Hague on the School Board.

DENNIS HENS, the father of two small children, is a resident of Sabbath Day Point. He is a 1966 graduate of the University of Buffalo, with a B.S. degree in Physical Therapy. He has been the Director of Physical Therapy at Moses Ludington Hospital for the past ten years. Mr. Hens is a past president of the NY District Chapter of the American Physical Therapy Association, as well as an active member of other community organizations.

If elected to the School Board, Mr. Hens will work for long-term conservative ideas to contain the growth of taxpayers' expenses and toward stricter disciplinary management in Grades 1 through 12.

The other candidates for seats on the Board are: Dr. William Brennan, who is a summer resident of Hague, Mrs. Ted (Nan) Reale, both incumbents, Mrs. Gerald (Mary Gail) Russell, Richard Buell and David Woods, all from Ticonderoga.

Besides School Board members, voters will be asked to vote on the \$4,608,529 school budget. A public hearing will be held on the budget June 2 and the annual meeting will be June 9. ELECTION OF BOARD MEMBERS AND THE BUDGET VOTE WILL BE ON JUNE 10 between 1 and 8 p.m. at the Ticonderoga High School. Transportation will be provided for those who so desire by calling Diane at the Town Hall, 543-6161.

Everyone who is a U.S. citizen, 18 years old or older and a resident of the school district for at least 30 days is eligible to vote. PRE-REGISTRATION IS NOT REQUIRED.

The three Board candidates receiving the highest number of total votes will be elected. In order for Hague to have a representative on the Board, it is imperative for Hague residents to exercise their right to vote and support DENNIS HENS.

LYNN COFFIN GOES NATIONAL

Fourteen year old, eighth grader, Lynn Coffin flew to Eugene, Or. May 26 to participate in the Independent Gymnastics Club Championships. Lynn is the daughter of Mr. & Mrs. Michael Coffin of the Beachside Hotel, Hague. She has been an outstanding member of the TI HI's gymnastic team for the past two years.

Lynn qualified for the championships by finishing fifth in competition at Boston, one of six meets held in the country. She will be competing against the top gymnasts in the country including Olympic gymnasts, Tracey Talavera and Julie Ann McNamara. Wide World of Sports will televise the finals, to be aired by ABC on Saturday, May 30.

This is the first time anyone from northern N.Y., including Albany, has been entered in the national competition. Lynn spends twenty hours a week under Coach Debbie Worsill of the Adirondack Gymnastics Academy in Glens Falls.

Lynn was notified on May 18 that she had qualified. The trip to Oregon with her coach will cost about \$2,000, and generous donations of about \$1,000 made it possible for her parents to consent to her participation.

Lynn began gymnastics in the third grade while living in Reston, Va. She has been competing for the past three years, and, though gymnastics occupies a great deal of her time, she still is able to maintain an A average in school.

The town of Hague is proud of Lynn's accomplishments and hopes that this is only a step up the ladder to success....DJH

SILVER BAY STORE REMODELED

Kathy and Sal Santaniello have assumed management of the Silver Bay General Store. They will carry a complete line of groceries, newspapers, magazines and gas. A delicatessen will be featured. Hours are 7:30 - 7 now and 7:30 - 9 during the summer.

SILVER BAY SCHOOL REUNION

People in the Hague/Ticonderoga area who would like to join in the reunion/celebration of the Silver Bay Boys' School are invited to join the School Alumni for dinner on Tuesday, June 2, 1981 at 6 PM at Silver Bay Association. Please call 543-8833 for reservations. Buffet dinner cost...\$7.00.

Alumni expected and their class:

William L. Bonyum	1930
Richard Brown	1926
Dwight H. Burr	1930
Herbert V. Carman	1926
Richard S. Corwin	1924
Paul V. Crooks	1933
Donald M. Fay	1923
Ernest F. Fullam	1932
Walter French Fullam	1928
Coach Willis Gale	28-29-30
Carleton H. Gerdson	1929
W. Barnum Gilbert	1927
John B. Leuzarder	1930
Lathrop D. Marsland	1924

ACID SOLIDS?

There is more to Acid Rain than rain. From Science, Feb. 1981, by Richard A. Kerr:

"Significant amounts of acid and other pollutants reach the ground WITHOUT the aid of precipitation but most of it goes unrecorded..."

"Scientists are not happy with the term 'acid rain'. It serves well in headlines and as a catch word for a growing international pollution problem but 'acid rain' neglects a part of the acid that has left mountain lakes barren of fish and corrodes car finishes. Some of that acid and numerous toxic chemicals are being deposited on lakes, streams, trees and fields without being washed out of the air by rain or snow..."

"In the Adirondacks where the Integrated Lake Watershed Acidification Studies are being conducted, about one third of the sulfate deposition is dry..."

Monitoring Deposits:

"The proportion of dry and wet deposits depends on the distance from the source of pollution and the wetness of the climate..."

"Measuring presents problems... lead, acid, arsenic and other pollutants do not always simply fall out of the sky like raindrops or motes of dust. IF THEY DID, RESEARCHERS COULD SIMPLY PUT OUT A BUCKET TO CATCH THEM.." (They form like dew & in other ways..MB)

"The deposition of a particle may depend on whether the surface (used to catch and measure) is sticky, hard, wet, dry, rough, smooth, hot, cold or prickly with microscopic hairs.

"Natural surfaces can 'catch' pollutants that a bucket cannot."

The prospects for directly measuring the dry deposits of acid are "Bleak. Absolutely bleak.", according to one scientist.

Bruce Hicks of Argonne Nat'l Lab. is more optimistic about dry deposition in general: "We can get there. We're only crawling, not walking, but we're crawling very well..."..MB

SCHOOL BOARD MEETING -- 5/19/81

Dick Bolton, Hague Supervisor, made an appeal to the Board asking them to consider establishing a voting district in Hague. He was told that a request must be made at least 45 days prior to an election. Mr. Wayne Judge, the Board's attorney is researching the legal aspects of having two or more districts.

The Board approved Florence Smith of Hague as one of the inspectors of election. Loren Drake was appointed chairman of the Annual Meeting (June 9).

The Board approved a proposed budget for the 1981-82 school year, authorizing expenditures in the amount of \$4,608,529.00 and to accumulate a planned balance for July 1, 1982 of \$120,000.

Scott Patchett of Hague was approved as a substitute teacher.

A very fine presentation was made by the Business Education Dept. With approximately 600 students in the high school, about 400 are in one or more business courses. It is the largest business program in Essex County. 90% of the students take Typing I at some time in their high school careers. There is a very interesting printing course offered; this press does printing for the school and community. A representative of the Lanier Co. demonstrated a word processor - a fascinating \$12,000 machine!

Dr. Verdone announced that the windows that have been removed are being sold every Friday from 9 to 10 a.m. at \$5.00 a sash...DJH

THIRD QUARTER HONOR ROLL

The following students from Hague achieved Honor Roll status:

1st Honors: William Amick, Kathi Hudak, Karen Kowalsky, Rudolph Meola, Richard Strum, Timothy Strum

2nd Honors: Beth Bolton, Lori Fish, Colleen Goetsch, Michael Meola. CONGRATULATIONS!

PROCEDURE FOR THE ISSUING OF INDIVIDUAL HOUSEHOLD WASTEWATER SYSTEM PERMITS

1. No facility used for the discharge of sewage, shall be constructed, altered, or extended without an approved permit issued by the town administrator.
2. The permit application with a fee of \$5.00 must be accompanied by a sketch showing the location of the proposed system.
3. Prior to an on site inspection results of the percolation tests must be available, as well as soil test hole made to determine water table and soil analysis.
4. A joint inspection will be made by a representative of N.Y.S. Dept. of Environmental Conservation and Town Administrator of the proposed site for the installation prior to granting approval.
5. The completed system shall be inspected by the Town Administrator prior to backfilling.
...William Foster, Administrator

SEVEN/SEVEN AT SEVEN

Just a reminder to reserve this night for A TOWN PUBLIC INFORMATIONAL MEETING to be held at the former school. Primary issue to be discussed is the future use of the former school building. Residents with other issues for consideration may address the Board at this time. JULY 7 at 7:00 PM.

OUR APOLOGIES

Last month in our list of high school athletes we failed to mention Tim Strum and Richard Strum, both of whom are on the Golf team.

Mickey Rooney's advice to his son:
"When you're down, get up again."

WEATHER OR NOT - 5/27/81

CARILLON GARDEN CLUB

May has been a truly splendid month with ten straight days of sunshine and 6.4 total inches of rain. Air temperatures have averaged 64°F with the lowest of 22°F on May 8 at Graphite and the highest of 82°F on May 7 at the lake. Water temperature at the 18" level is now 59-60°F, up from last month of 47°F.

Now that the warm weather is upon us one thinks of the lake, but beware! A person's body temperature of 98.6°F will last about 15 minutes before total exhaustion sets in, if you are in healthy condition, less otherwise. Thus it would be wise to wear a life vest at all times, no matter how good a swimmer you are, especially in any type of tippy craft such as canoes and sailboats. The lake is not yet patrolled so you are on your own. Wear a life vest - a Coast Guard approved - preferably one of closed cell foam for insulation and durability.

Hope all you gardeners are pleased, as the season thus far has been quite generous. My corn, peas, lettuce, etc. etc. are all doing quite well, thanks to a plastic covering on the colder nights. Remember a daily watering in the early morning is best. Now if only those weeds would stop growing. Any ideas?

Spring delights,
Eloc Salguod

HAGUE AMBULANCE SQUAD

Our highest praises go to the Hague Ambulance Squad for their unstinting devotion to their duty. They have answered three very serious accident calls during May, plus many more calls of a less serious nature. Many thanks for all the time and care spent by all of you. We will hear more about this devoted group next month.

At our May 20 meeting we were very fortunate to have three ladies from the Lake Placid Club speak to us about their volunteer work with flowers for the Olympics. After the meeting club members planted flowers at various sites in TI and at the Hague Town Park. We hope by the time we go to press the flower boxes on the attractive frames built around the trash barrels will be filled. Incidentally, Elwin Monroe, our park attendant was the expert builder! We have added attractive signs to the bulletin board in the park stating "Landscaped by the Carillon Garden Club. Please protect and enjoy"

We are making plans for our first standard flower show to be held at the Hancock House on August 20. Remember this date!...DJH

HIGH SCHOOL GRADUATES

The following seniors from Hague will be graduating from Ticonderoga High School on June 20.

William Amick, Stephen Bevins, Elizabeth Bolton, Bernadette Denno, Donna Denton, Martin Fitzgerald, Colleen Goetsch, Steve Jordon, Karen Kowalsky, Steven McCranels, Steven Ross, Bruce Sharpe, Michael Smith, Scott Spelman, Richard Strum.

The staff of The Chronicle and the town of Hague congratulates all our graduates.

MAY - Warm, beautiful spring days lure people out of doors; a friendly chat in front of the Post Office is punctuated by the slapping at mosquitoes and black flies. Conversations are brief!

Braver souls such as those two groups of five canoes (sighted in mid-May) went out for a camping trip prior to the insects, but before warmth. ENCON stocking the lake with trout...AC

TOWN OF HAGUE - ZONING ORDINANCE

In December 1977 the Town of Hague adopted its Zoning Ordinance after numerous public hearings, and the incorporation of certain suggested changes in the proposed ordinance.

The purpose of the ordinance is to promote the health, safety, and general welfare of our community, and protect property values and aesthetics by restricting height and size of buildings, percentage of lot coverage, the size of yards, and the location and use of buildings, structures and land within the Town.

It is the further purpose and objective to insure optimum overall conservation, protection, development and use of the scenic, aesthetic, recreational, historic and natural resources of the Adirondack Park.

It was thought to be more advisable by the Town Board to have local administration and control for the implementation and enforcement of our Zoning Ordinance.

As Zoning and Planning Administrator for the Town of Hague, appointed by the Town Board as enforcement officer, it is my duty to administer the zoning ordinance and to see that the policies of the Town Board as expressed in the Zoning regulations are carried out as efficiently and effectively as possible...William D. Foster, Town Developmental Zoning Admin.

CHANGE OF ADDRESS?

Please notify us by the 15th of the month prior to each change of address (summer or otherwise). This will expedite delivery of The Chronicle to you and will be helpful to us. A card or a telephone call to 543-6633 would be appreciated. D. Henry

WHAT'S IN A NAME:

From Ticonderoga Sentinel: (5-19-81) "In the American vocabulary there are a wide variety of names which can immediately conjure vivid moving images and emotions...

When the U.S. Navy chieftains sat down to decide upon a name for the first ship of a new fleet of avant garde nuclear guided missile cruisers, it was no accident that the name "Ticonderoga" emerged from the pack...

For generations of Americans the name has kindled a fiery image of bold Colonialists taking on the then-mighty British Army and winning. The name Ticonderoga combines America's flight for freedom with the idea of taking on the best the world has to offer - and emerging victorious.

Rolling off the tongue of First Lady Nancy Reagan last Saturday, the name never sounded more authoritative, nor more beautiful."

(She christened the new cruiser in Pascagoula, Mississippi.)

ZONING BOARD OF APPEALS - 5/21

Prior to the meeting, public hearings were held for three variance applications. Two were located in Cape Cod Village, one at Indian Kettles.

A variance was granted to Mr. Filare. His lot had been surveyed and a building permit had been applied for. Because of a misunderstanding, work was started on this project before the permit was issued. The variance was approved, with a fine. A variance was approved for Mr. Hartle's variance request. Mr. Hobart's application was tabled until he has an opportunity to appear before the Board...JTH

"...Keep me from the fatal habit of thinking I must say something on every subject on every occasion."
From "Prayers Along the Way"

HAGUE HISTORICAL SOCIETY

SPECIAL SUMMER EVENT

On May 20 Clifton West, with the aid of an opaque projector, displayed an outstanding collection of old Hague post cards to a gathering of members and friends. One card proved beyond a doubt that there had been a post office in Graphite at one time. One could see the official cancellation. Views of the old roads and original hotels were of interest to all. That was the age of the picture post card when young people who worked in the Sabbath Day Point hotels would send cards to parents in Hague during the long summer. It was a pleasant evening in the Research Room of The TI Middle School...MB

THE EMIGRE ORCHESTRA will be "in residence" at Silver Bay the first week of August and will do some of its concerts there. Performing there, at TI and at Schroon Lake last season, the Emigre Orchestra under Lazar Gosman won applause and affection. Several local people went to the April Carnegie Hall concert..BDeG

A SAD COMMENTARY ON THE TIMES

A new summer resident arrived at his Sabbath Day Pt. home for the Memorial Day weekend only to find someone had entered and "cleaned it out". Among articles missing - a washing machine and other household furnishings. State troopers are investigating.

SAILING, SAILING

The Northern Lake George Yacht Club will be holding a series of handicap races on Sat. mornings this summer. Persons interested in sailing in these races may contact Bob Marshall for more information.

Saturday, July 18 at Silver Bay: PHANTASMAGORIA, presented by Art and Ann Landry. Paintings on glass slides of the New World and the American Revolution and slides painted by Joseph Boggs Beale. These feature Philadelphia at the turn of the century and are noteworthy for authentic period detail. Other titles: The Perils of Drink; The Civil War; Lincoln; Bible Stories; Uncle Tom's Cabin.

Art Landry and his band were "headliners" during the 20's, 30's and 40's at the old Hippodrome, Palace and fine hotels. Who can forget, "Three O'Clock in the Morning"? It sold more than 20 million Victor records. Remember too "Sleepy Time Gal", "Five Foot Two", "St. Louis Blues", "Some of These Days" - Sophie Tucker), each more than a million!

A small admission charge (\$2.00) will help raise money for a Hague Historical Society future exhibit room...BDeG

YES, WE CAN HELP YOU

In our May Issue we asked our readers to write to us if they had services to offer. We received the following responses:

BABY SITTING - CHILD CARE
Julie and Jackle Perkins - experienced - 543-6108
Beth Barton - Sabbath Day Pt. 543-6057 (Has had child care & baby sitting course-6 yrs. exper.)
Will look after child, cat, dog or horse - Lara Smith 543-6446 (after June 25)

Will Do Anything! (a team)
Jenny Larter and Kerry Hanchett 543-6315 (summer)
(Will also work singly)

Future services may be posted on the bulletin board at Town Hall.

SOUNDINGS

Born - A boy, Andrew John, to Mike and Bethany (Beadnell) McCarville of Coram, L.I., May 5. Grandparents, Mr. & Mrs. Tom Beadnell of Hague and Mr. Andrew McCarville of Forest Bay.

- A boy, Matthew, to Linda and Steven Towne on May 16.

Married - Kathy Braisted, daughter of Mr. & Mrs. John Braisted, Silver Bay, to Sal Santaniello, Silver Bay, on May 2.

Died - Mrs. John (Isabelle) Silliman of Sabbath Day Pt. and Pittstown, N.J. on March 8.

Fred Whitford, formerly of Silver Bay, on March 16.

Graduated - SHERI DELARM, daughter of Mrs. W. Keith DeLarm, from Plymouth State, Plymouth, N.H. on May 16 with a degree in Interdisciplinary Health/Recreation.

Honored - PATRICK VISCARDI, son of Judge and Mrs. Dominick Viscardi, Ticonderoga and Hague, will be the valedictorian of the Ticonderoga High School Class of 1981. He will attend Dartmouth in the fall.

JANA BRODERICK of Graphite and West Germany, is editor of her second grade newspaper. These were sold during May Fete, proceeds to handicapped. (Editing must run in the family. Grandma is editor of The Chronicle) (DH)

JOHN AND SUE (MICHAEL) ROGERS will be returning from Vienna, Austria in June. After a month in the States, they will go to Hong Kong to teach.

DR. HAROLD GELHAAR, Sabbath Day Point, attended his 60th college reunion at the U. of Pa. in May.

JENNIFER FITZGERALD was crowned May Queen at a ceremony at St. Mary's recently. She is the daughter Mr. & Mrs. Frank Fitzgerald.

GERRY BOYD accepted an official letter of commendation from the Clinton-Northern Essex Red Cross Chapter to the Ticonderoga Composite Squadron Civil Air Patrol for services rendered to the public during the recent Ausable Forks disaster.

CATHY MEOLA had the lead in the musical, "The Pied Piper of Hamelin" presented at St. Mary's School on May 14. Cathy is the daughter of Mr. and Mrs. Ruolph Meola.

Shortly after his 93rd birthday (and surgery), DOC KARANGHI of Friends Point has left for Wyndham, NY to join his bridge and golf companions. Long live Doc!

Graduated - DRAKE DARRIN, son of Mr. & Mrs. David Darrin, from Dickinson College, Carlisle, Pa.

JENNIFER BELDEN, daughter of Mr. Mrs. Dan Belden, and KATHI HUDAK, daughter of Mr. & Mrs. Richard Hudak were members of the Ticonderoga Junior Prom Court.

THE POORE HOUSE, after going into bankruptcy last fall, has now reopened under new management and new name - THE CRACKERS.
