Message from the President

Spring time is here, soon the flowers will be blooming and the leaves will be back on all the trees. Spring is a sign of a new beginning. Kind of like the sun coming up on a new day. Here at the TTC much like many businesses and other organizations COVID has been our cold winter for the past couple of years. But right now is our Spring, or morning sunshine. We are back! This is going to be a full year. We have a couple new board members and we are looking for some more Board members to help us grow and come alive this year. Our Golf Outing is all booked at Stone Ridge. Corey is working on setting up a Mud Hens game and picnic and a Walleye game for the Fall/Winter. Our Christmas Dinner will be back this year. Our Past Presidents Fish Fry will be back as well. Keep watching these newsletters, facebook, emails and our website to see what is coming up. I wish you all the best and I'll see you at our upcoming events.

Be Safe,,

Ben A Sllen

TTC President

Special Recognition

Marilyn Bender

The Toledo Transportation Club was organized in 1905. In 2022, the Club is celebrating **it's 117th anniversary.**

The Club is comprised of representatives from the trucking industry, railroads, airlines, traffic managers and other people involved with distribution of transportation. Our goal is to promote education and fellowship in the transportation and distribution industries.

Our normal events and meetings consist of the following: Annual Election night dinner held in May, golf outing held during the summer, a Fish Fry to Honor our "Past Presidents" and an Annual Christmas Dinner, which incorporates a fundraising event for charity plus more. Please check our Events page on our website to see what is coming up next.

Other meetings through the year are comprised of speakers, tours or outings to sporting or entertainment events or entertainment with a mixture of social and educational meetings. During the Annual Dinner, the Club awards college scholarships. See our Scholarship Page on our website for more details on how to apply.

I would like to take this opportunity to thank Marilyn Bender for her service to the TTC. Marilyn took on the role as President 1 year prior to the COVID Pandemic. There was a lot riding on her shoulders with the club and keeping our members safe. There were a lot of events that had to be cancelled, not only with the TTC but with pretty much any and all organizations around the world. Marilyn has held the TTC together over the past 3 years and continued on as President even though her term expired but we were not able to get together to vote in a new President.

Marilyn has recently resigned as the TTC President to pursue her leadership roles in other organizations. She has decided to stay on the TTC Board as a Trustee while we work to rebuild the Board. Thank you Marilyn for your dedicated service to the TTC over the past 4 years.

Dues are almost Due

This year you will be seeing a new twist on how we collect annual dues. We will be sending out invoices via Square to all members unless your dues are already paid for the 2022/23 year. So watch that email to hit your email inbox sometime in May. Due are due by the end of June.

Just because the invoice comes to your email does not mean you need to pay your dues online unless you want to. You can still fill out the due form and mail it in with your payment or email the old style dues form in to me as well.

Thank you in advance to those that have paid already.

TTC Scholarship Application

The deadline to turn in Scholarship Applications has come and gone. Winners for our 2022 scholarship will be notified soon.

This year we will once again hand out the Scholarship Awards at the Golf outing as we have the past couple of years.

WE'RE IN THE TRUST BUSINESS.

Our customers trust us to anticipate their needs through an expansive and flexible leasing fleet, a broad repair network, and an experienced and dedicated team.

Our co-workers trust us to be responsive, inventive, and, above all, safe.

Our communities trust us to be accountable, environmentally-sustainable, and engaged in ongoing local impact.

Ultimately, our business is simple. We provide railcar services with integrity, so our customers, co-workers, and communities trust AITX to keep them moving ahead.

Moving Ahead.

GLASS CITY RIVER WALL

Toledo has a long-standing tradition of being unique and vigorous in their support of the arts. From the Toledo Museum of Art's founder Edward Drummond Libbey's vision to build a place that was accessible to all, to the longest standing arts commission in the state and one of the early 1% for the Arts program in the country, Toledo has been devoted in their commitment. Our goal is to continue that tradition.

For thousands of years, various cultures of indigenous peoples lived along the rivers of what is now northwestern Ohio and were the first farmers in the region. The site is recognized for its historic value and is designated with a plaque describing the fortification and its significance. It is a story that is seldom told, but steeped in rich history.

Throughout the years, Toledo has celebrated its diversity and vibrant spirit. It is our vision to commemorate the history of our community and highlight the mission of ADM.

ADM has a grain silo facility on the east bank of the Maumee River, near downtown Toledo. This facility is in a very prominent and visible location. It can be seen from both Interstate 75, the river and the city's downtown. The 170,000 square foot space designated for this installation is the western facing side of the facility and will include the 28 silos south of the facility office.

For the rest of the story please visit : <https://www.glasscityriverwall.org/>
