## KING'S CASTLE ARGENTINA

### Please Help Us Return!

After four months of almost non-stop ministry and opportunities to reconnect with many churches and friends, we are scheduled to return to Argentina the first week of November -- but are lacking in monthly pledges. Would you please pray and ask God if He would provide for you to support us monthly? If you would be willing to make a faith pledge of \$25, \$50, \$100, \$150, \$200... (or more) please contact us or go directly to <http://s1.ag.org/ksbab>. When you support us, you are also investing in all of the youth that are impacted by our ministry. Also, thank you to all who are already a part of our support team! We appreciate each one of you!

### Reaching 40,000 Partiers

The EFX (discipleship school) students traveled all night to minister to teens at a camp and turn them into an evangelism force to share Jesus at a Spring celebration at a beach town where 40,000 high school students came to party. Dancing, alcohol, drugs and sex were their prime objectives. The EFX students ministered to the teens at the camp, helping them deepen their relationship with God and giving them tools to share about Jesus, they all hit the streets with the goal of seeing young people rescued from the plans of the enemy.

Lives were changed, teens saved, delivered, healed of a list of physical ailments and emotional wounds — and many encountered a living Jesus for the first time. It took over an hour for the EFX students to recount testimonies when they returned and the kids at the camp have even more testimonies yet! God truly backed up the preaching of the word with signs following!

King's Castle Argentina yearly's statistics = 3168 children and teenagers, from 101 churches across Argentina. These Castle groups did 1265 presentations to reach 42,103 people, of which 9518 prayed to receive Jesus as Savior.

This is good soil in which to invest!

## When it seems like God isn't listening – Don't give up!

When Castle leader, Gabbi, jammed her knee, she was required to wear a knee brace and faced possible surgery. We visited her church four months later, and prayed for healing to flow. Nothing happened. So we prayed again. Nothing happened. We were puzzled, because the norm was for healing to flow through the knee because God loves to heal his kids. A year went by.

David was worshipping God one Sunday, hands raised, when suddenly a sharp pain pierced his knee. He tried to think of what he had done to hurt his knee when he remembered the Castle workshop that he had attended the day before where he learned that sometimes God shows us someone else's pain by allowing us to experience it. Glancing down the row, he spotted Gabbi, sitting with her leg extended, supported by a knee brace. During the greeting time he approached her and asked, "Can I pray for your knee?"

"Sure," she answered. And as he prayed, it was totally healed! She hadn't given up her hope!

Luís injured himself playing soccer in high school. As time went on, the injury got worse and worse until finally he went from crutches to a wheel chair. His church was filled with men and women of faith who prayed for him and there were guest speakers known for seeing miracles in their ministries who also prayed for him. For two years, Luís received prayer from many famous evangelists but saw no physical improvement.

The church had many small groups where people studied the Bible together, prayed and shared life together. One night, Luís' small group leader, a young man just a few years older than him, asked, "Luís, could the group pray for your healing?"

Luís shrugged. "Sure, why not."

The group prayed and Luis was immediately healed. Thank God he hadn't given up his hope.

We believe that every miracle has a date. We want miracles to happen today, and many times we do see God heal immediately. But sometimes He waits and heals an hour, day, week, month or year later. Our job is to pray and believe, and the Holy Spirit's job is to sort out the timing. Just because you don't see something happen immediately doesn't mean it won't. Don't let the enemy sideline you. Don't believe the lie that healing won't happen for you. Jesus said, "Heal the sick, raise the dead, cast out devils." He told us that we would do greater things than he did and the apostle John reminds us that "as Jesus is, so are we in this world".

So don't give up for others or for you own healing. In the last days God will pour out His Spirit on **all** people. That means **you**.

(Matt. 10:8, John 14:12-14, 1 John 2:6, 4:17b)

Lucas M. represented Argentina in a recent leadership training held in El Salvador. During one of the exercises to facilitate an encounter with the Holy Spirit, the Presence of God was so tangible that Lucas just backed up and let the Holy Spirit have His way. Three hours later cataracts had melted off of eyes, tumors disappeared, skin rashes disappeared, and heart wounds were healed. The next night he was privileged to minister to 90 nine to twelve-year-olds and 67 received the baptism of the Holy Spirit!
