

Ana Lucore, Founder, CEO, President, and Public Relations Liaison

Benson, AZ 85602

In 1998 Ana spent a year in the Transkei of South Africa when that location was being absorbed into the country of South Africa. Transkei had been an independent country -- the Xhosa location where Mandela was born. This God-given opportunity enriched Ana's worldview and increased her desire to minister to Him in whatever way He desired. With that request, He dropped a vision into her heart which later proved to be All The King's Horses Children's Ranch.
