GRANVILLE PARENT COOPERATIVE PRESCHOOL HISTORY AND GOALS

The Granville Parent Cooperative Preschool (GPCP) began in 1943 as a wartime community service project for the benefit of working mothers. In 1951, GPCP moved to its present location in the Education Building of the First Baptist Church of Granville and has been employing professional teachers since 1955. GPCP was officially incorporated in 1956. Throughout the years, cooperative management of the organization remained a hallmark, with member families setting goals, managing the organization, and working alongside the teachers.

This cooperative effort to provide children with a nurturing preschool environment has continued to the present day. GPCP is governed and managed by the parents whose children are enrolled in the school. Each year, members elect an unpaid board of parents to oversee the administration of the school and approve all major policy changes.

As a member of GPCP, your involvement is another crucial component to the success of our program. *Member families carry out GPCP's educational mission by working with the professional teachers in the classroom approximately 12 to 15 times per year, or more often as needed. Each member family also contributes their talents by assuming responsibility for two service projects (one for 2s) necessary to maintain the operation of the GPCP community.*

GPCP offers a preschool experience in which professional teachers work with parents to create a nurturing educational environment that is sensitive to the specific needs of the children in the school community. GPCP provides children with the opportunity to adjust to new learning experiences, routines, and social interactions. Its principle educational goal is to expose children to learning experiences that will develop their curiosity, love of learning, security, self-concept, and sense of belonging to a world that is interesting to them and interested in them.

Our well-organized classrooms are divided into several learning centers that include a sand/sensory table, science center, library corner, housekeeping area, painting center, writing center, and an area dedicated to blocks. Children are greeted by their teacher each day and then have an opportunity to enjoy table games as the rest of their classmates arrive. The class begins with a circle time that includes stories, songs, fingerplays, and teacher led discussion. Children then have the opportunity to select from the many centers and activities in the classroom, developing individual interests and abilities at their own pace. During this time, small groups of children take turns participating in teacher-initiated projects, crafts, and educational tasks. These activities reinforce the skills and themes introduced during circle time. The day ends with an additional group session, a parent-provided snack, and large-muscle play in either our fully enclosed outdoor play area or the spacious gym.

Unlike other preschool programs, GPCP has the added advantage of taking place in an educational environment that actively involves both families and teachers. Through this classroom structure, GPCP provides families with greater insight into child behavior and development as parents assist the teachers in implementing the curriculum.

The learning, however, does not stop at the classroom door. Children and parents also have the opportunity to build relationships with people from across the school because they work together through member projects and governance activities to care for the well-being of the broader GPCP community. This is the magic of the Granville Parent Cooperative Preschool—children, parents, and teachers working together so that all may grow through shared personal and educational experiences.

GUIDELINES FOR HELPING PARENTS (for 3s, multi-age and 4/5s classes)

Members will be asked to assist in the classrooms 12-15 times or more as needed during the course of the school year in relation to class size. Following are general guidelines to familiarize helping parents with classroom structure and function.

Remember: Children Come First

- Help the teacher with what she is doing with the children. Leave sweeping, emptying garbage, etc. until after class ends or until such time as the group can function without your assistance.
- Limit talking with other adults in the playroom or on the playground. Feel free to sit whenever you can. You are nearer the child's level there, and it will be easier for him/her to gain your attention and help.
- If situations arise that you do not understand, *ask the teacher* before discussing it with others. *Do not discuss the children in front of themselves or others.*
- One adult must always supervise children on the playground and in the gym.
- Cell phones should be left at home or turned off when helping.

Guidelines for Speech and Action

- State suggestions or directions in a positive form: "Please give me the ball while you are climbing." Rather than "Don't climb with that ball in your hand." Use a normal, pleasant voice. Be genuine and friendly.
- Give a child a choice only when you intend to leave the situation up to him/her. When limits are necessary they should be clearly defined and consistently enforced.
- Avoid motivating a child by making comparisons between one child and another or encouraging competition. Be generous and sincere with praise. Help a child feel confident and reassured—not afraid or ashamed.
- Look for guidance from the teacher when faced with a confusing or difficult situation.

Welcome/Start of the School Day

Helping parents should arrive 5 minutes before school begins and prepare the classroom for use. Soap and bleach solutions should be mixed at this time, and the classroom should be checked for general readiness. The teacher may discuss with you the plans/projects for the day. When children arrive, greet them and encourage them to take care of their own coats, etc., helping only when necessary. Try to greet each child personally.

Group Activities

It is important for helping parents to sit with or near the group at circle time. Helping parents should be alert to any child distracting others, and quietly remind them to listen. Occasionally, children may test the boundaries by trying to quietly leave the group for another area of the room. The teacher needs the children to be with him/her at this time. The helping parent may need to accompany the child back to the rug. Use gentle, positive language such as "You can play blocks later but right now it is circle time," instead of "You can't do that now. It's not time."

Routine Activities

Dressing - Encourage independence! Expect children to take off or put on their things, even though you may be able to do it faster. Provide help where needed—hard buttons, tight boots, mittens, hardworking zippers. Often you can start a zipper or a boot and the child can finish the job and have a feeling of satisfaction having done it him or herself. It helps young children to sit on the floor to put on snow pants and boots. Children may want to help other children. This is to be encouraged!

Clean-up - Try to make this activity fun for both children and adults. Helping parents should reinforce clean-up actions by walking around the room, reminding children to clean up after themselves. Help the children put the toys away in the storage areas marked for them. Don't worry if the children don't put the toys on the shelves straight. Let children know that when they have finished, they may go quietly to the rug.

Free Time

When a helping parent sees children being exceptionally loud or unruly during free time or during a transition time, it is necessary for the helping parent to step in. Often, simply redirecting children to another activity or reminding them of where they need to be is enough. Always feel free to ask the teacher for assistance if a situation should arise in which the helping parent is uncertain as to how the teacher would like the parent to act. At times, a parent may need to handle such situations using his or her own best judgment; remember to act in as positive a manner as possible.

Here are suggestions for guiding children engaged in various centers and activities around the classroom:

- *Dramatic Play* - Encourage creative and dramatic play, but let the children be the creators. If necessary, help a child join the group by suggesting a role for him/her that will be acceptable to the group: "Perhaps he could be the Daddy", or "Maybe she could be the woman who fixes your car at the gas station".
- *Water Play Area* - Sponges, detergent, detergent cans, small dishes, etc. may be used at the water table. Children's clothing is to be protected by using the plastic aprons. Paintbrushes and cans filled with water may be used for water painting outdoors.
- *Workbench* - Tools need close supervision. Be alert. Tools must be used correctly for safety. Two or three children can safely be at the workbench at a time. Let the children create at will. Be constantly ready to help with pounding, sawing, and holding wood. If necessary, demonstrate how to saw by putting your hand over the child's hand. Remind children to wear safety goggles.
- *Easel Painting* - Painting is very often an exercise in motion for young children. Display an interest in the children's work but do not ask what they have made. They may not know! Remember, only one child at one side of an easel at one time. Print the child's name on the back of the paper *before* painting is started, or encourage a child to print her/his own name. Encourage the children to put on a smock to protect their clothes, but do not insist--some may not paint if they have to wear a smock. Show the child how to wipe the brush on the side of the can to prevent drips, and help the child keep brushes in the correct jars. Hang up to dry.

- *Cutting* - Scissors should be used only at the table. Show children how to hold scissors if they need help. Children are manipulating and experimenting with materials at this age. They may not show left- or right-handedness. Let them help put scraps in the wastebasket.
- *Clay, Play Dough, or Salt Clay* - Children are encouraged to experiment with clay. Children can be helped to pinch, press, roll, and pull the clay. Clay and play dough are to be kept at the table and picked up off the floor.
- *Outdoor Activities* - Outdoor play must be supervised at all times by the teacher and a helping parent. An adult should go out with the first children.
- *Sandbox* - All sand is kept in the sand area. Various toys are available for sand exploration. Children may not throw sand.

Snack

Each group of children will have one snack per class session. The helping parent is asked to bring a nutritious snack. Assist the children in hand washing before snack--remember that hands should be washed for 20 seconds with soap and water. Using paper towels, clean tables before and after snack with soap solution followed by the bleach and water solution. Sponges and or cloths are not to be used on the tables. Bleach must stand on tabletops for two minutes before being wiped off with paper towels. Please adhere to the following guidelines regarding snacks:

- ✓ Water is served at snack time.
- ✓ All snacks should be prepackaged due to state licensing regulations.
- ✓ All snack preparation must be done at home – such as washing or cutting fruits and vegetables. We are not allowed to “prepare” any snack items at school.
- ✓ Items from two food groups must be served at each snack time. Examples “cheese and crackers” or “yogurt and granola bar” or “raisins and pretzels.” “Apples and apple juice” would not be acceptable because they are from the same food group.
- ✓ A sample snack calendar is included in this handbook (page 10). Please refer to it for snack ideas.
- ✓ Birthday treats - Please check with the teacher regarding snacks for birthday treats and parties.

NOTE: Food allergies and dietary restrictions will be posted for each class, as required by the State of Ohio. It is imperative to avoid bringing in foods that children in the class are allergic to and/or are restricted from eating; please remember that food allergies can cause serious illness and/or death.

After School

Parent Pick Up - The helping parent should ensure that the upstairs entry door is unlocked 10 minutes before the end of class. Parents arrive in the classroom at the end of the school day to pick up their children. Helping parents must remain in the classroom until every child has safely left the building with a parent or other designated person.

Clean Up – When the helping parents leaves for the day, the school is to be clean, supplies and equipment well maintained, and the classroom ready for the next class. The following activities should be completed at the end of class or after the children have left the building:

- *Tables* - Wash tabletops first with soap solution and then with bleach solution. Bleach must stand on tables for two minutes before being wiped off with paper towels. Wipe chairs.
- *Paints* - Wipe paint from easels and floor. Clean brushes, smocks, jar rims, and lids. Tighten lids. Store clean brushes and clean paint jars in the cupboard behind the easels.
- *Water Table, Workbench* - Wipe up water spills. Straighten workbench area and remove broken toys.
- *Rug, Quiet Corner* - Vacuum rugs and straighten pillows and books.
- *Housekeeping* – Hang clothes, hats and accessories. Tidy up.
- *Sandbox* - Put sand toys in baskets. Sweep under table and return sand to sandbox. Sweep up and discard any sand on tile floor. Replace sandbox cover.
- *Blocks* - Straighten and check for sharp edges or broken blocks. Sweep floor.
- *Bathroom* - Clean the sink. Check/wipe the stall area. Sweep.
- *Outside* - General check of grounds for paper, extra toys, etc.
- *Other* - Clean glue bottles and close lids. Replace magic marker tops and sweep floor. Are the windows locked?
- *Garbage and Recycling* - Empty both garbage cans, replace with new liners and carry garbage out to cans alongside the building. Recycle paper by depositing it into the labeled can. A plastic/glass/can recycle box is also available for drink bottles and snack containers. Rinse all items before recycling.

FIELD TRIPS

Preparation

In the fall, prior to any walking field trips, an appropriate Safety Unit will be taught. The teachers will prepare students for field trips by teaching them to walk in a single file line, listening to directions, and eventually practice crossing intersections. A permission slip for routine walks should be signed at the beginning of the school year. When children show readiness to cross streets in a safe manner, the teachers may take them on Board-approved field trips.

Trips

Teachers submit a Field Trip Application Form to the Board well in advance of each field trip. The forms are kept on file from year to year and will need an addendum attached only if the field trip will be different from the original application description.

- ✓ In preparation for a field trip, the teacher will send home a parent permission slip which will include a description of planned activities for the trip. This slip must be returned to school **completed with parent's signature** and dated one week prior to the trip. All trips from school grounds (with the exception of walking field trips) will require this form.
- ✓ Parents will be asked to help chaperone and/or drive for some field trips. On the day of the field trip, the teacher will assign the students to a parent who will be responsible for their supervision. If driving is required, each driver will receive a copy of a map and/or directions to the destination. It will be the teacher's responsibility to provide these.
- ✓ For some field trips, parents will drive their child directly to the location rather than meeting at the school first.
- ✓ In order to maintain supervision during a field trip, the teacher takes attendance at the school, upon arrival to the destination, during the trip, before departure for school, and upon arrival back at school.
- ✓ For a car field trip, the Ohio Safety Seat and Seat Belt Laws will be enforced. Until a child is **forty (40) pounds and four (4) years old**, they must use a safety seat. Children who are between **4 years old and 8 years old and less than 4'9"** tall must ride in a federally approved booster seat. All three year-olds will require a safety seat regardless of their weight. Parents' cars must be in good/safe working order.

NOTE: Any field trip without enough helping parents signed up in advance will be cancelled.

Sec. 12 Privacy Policy

Personal Information: GPCP collects information about each parent and student for the purposes of membership and enrollment in compliance with ODJFS requirements. This information is kept confidential and is not disclosed to any outside party. Enrollment records are destroyed when a student is disenrolled from GPCP.

School Directory & Class Lists: Parents' names, email addresses, and phone numbers are published annually in a school directory and individual class lists for the purposes of conducting school business. The information contained in the school directory is not to be used for any type of solicitation not directly associated with GPCP activities or fundraisers.

School Mailboxes: Student mailboxes may not be used for any type of solicitation not directly associated with GPCP activities or fundraisers.

Student Privacy: GPCP members have the privilege and unique opportunity to be involved directly with children in the classroom many times over the course of the school year. In order to protect the privacy of the children entrusted to our care it is vital that we keep what happens in the classroom private and do not share information or observations pertaining to children with others, including other GPCP members. Such discussions, even well intended, are inappropriate and can be detrimental to the positive and encouraging atmosphere of the GPCP. If GPCP members have questions about this policy or situations regarding individual children, they should consult with the teacher.

Any questions or concerns about compliance with the privacy policy should be addressed to the Administrator or President, who may discuss the concern with the Executive Board and/or the entire Board of Directors if needed.

In situations requiring emergency transportation, the incident/injury report shall be available at the center for the parent or guardian within at least 24 hours following the incident/injury. Copies of incident/injury report forms shall be kept on file at the center for at least one year, and shall be available for review by the director's representative. The administrator will notify the state licensing office of serious incidents/injuries as required by reg. 5101:2-12-35.

Sec. 6 Emergencies and Accidents

The Granville Parent Cooperative Preschool will take the following action in the case of an accident:

- a. The child will be attended to by the teacher while the helping parent calls 911, and the parent of the child.
- b. If injuries are such that the child needs transportation, the emergency transportation section of the Child Health and Enrollment form will be consulted and the information followed. The helping parent will stay with the child at all times including transport to the hospital in the event that the injured child's parent is not present. Attempts will be made by the teacher to contact a substitute helping parent.
- c. An incident report will be completed, and information furnished to the parent. Syrup of Ipecac will be administered only under the advice of Poison Control.

General emergencies and school/staff procedures:

- 1. Any threats to the safety of children due to environmental situation or threats of violence: Children will be secured (center locked down or evacuated). Staff will call

- 911 and parents. Children will be supervised at all times.
2. Natural disaster such as fire, tornado, flood, etc.: Children will be taken to a secure place (evacuated or taken to tornado safe spot as per diagram in classroom). Staff will call 911 and parents. Children will be supervised at all times.
 3. Loss of power, heat or water: Parents will be notified to pick up children and classes will be cancelled until necessary services are restored. Teacher will supervise children until all are dismissed.
 4. See **Sec.9** below for evacuation location.

Sec. 7 Spray aerosols shall not be used at any time when children are present at the school.

Sec. 8 The Administrator and each employee are required to immediately notify the local Public Children Services Agency when they suspect that a child has been abused or neglected.

Sec. 9 Emergency Transportation/Evacuation

- a. **Individual children** who need emergency transport will be transported via ambulance with either a parent or helping parent if the parent is not available.
- b. Should an **entire group** need to be evacuated, the teacher and the helping parents will walk the children to the Presbyterian Church located on the north-west corner of Broadway and Main Streets. The teacher will bring emergency information and notify all families from that location.

Sec. 10 Outdoor Play

Children will play outside each day at the discretion of the teacher. Factors to be considered include: wind chill, temperature, precipitation, wetness of the play equipment, and daily schedule needs. Children will not play outside if the temperature with the wind chill is below 20 degrees.

Sec. 11 Emergency Closings and Delays Policy

There are times that the school day may be delayed or cancelled due to weather or loss of heat, water, or power. GPCP follows all closings and delays of the Granville Public School system. If Granville Public Schools are delayed by 2 hours, all morning classes at the Co-op will be cancelled. Parents can obtain Granville Public Schools closure/delay information from many local radio and television stations and the Internet.

There may be rare occasions when GPCP may impose a start time delay or cancellation independent of the public school system due to weather or loss of heat, water or power.

The Co-op operates a telephone calling chain when an entire class needs to be notified about a delay or cancellation of school. The school administrator contacts each class representative to begin the calling list for each class using the school directory. Parents continue the chain by calling the next family on the list. If an answering machine is reached, parents should leave a message and continue the chain by calling the next family on the list. Parents are to keep calling until an actual person is reached who can continue the chain. The last person on the list calls the class representative to complete the chain.

GPCP's Board of Directors and Teachers will make a good faith effort to schedule make-up days within the calendar school year if the number of cancelled classes exceed the following: a. Class sections meeting once per week – 3. b. Class sections meeting twice per week – 5. c. Class sections meeting three times per week – 6.

Article XIII: Indemnification

Sec. 1 The corporation may indemnify or agree to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending, or completed civil, criminal, administrative, or investigative action, suit, or proceeding, other than an action by or in the right of the corporation, by reason of the fact that (s)he is or was a trustee, officer, employee, or agent of, or a volunteer of, the corporation, or is or was serving at the request of the corporation as a trustee, director, officer, employee, or agent of, or a volunteer of, another domestic or foreign nonprofit corporation or corporation for profit, or a partnership, joint venture, trust, or other enterprise, against expenses, including attorney’s fees, judgments, fines, and amounts paid in settlement actually and reasonable incurred by him/her in connection with such action, suit or proceeding, if (s)he acted in good faith and in a manner (s)he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if (s)he had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, or conviction, or upon a plea of *nolo contendere* (uncontested) or its equivalent, shall not create, of itself, a presumption that the person did not act in good faith and in a manner (s)he reasonably believed to be in or not opposed to the best interests of the corporation, and with respect to any criminal action or proceeding, a presumption that the person had reasonable cause to believe that his or her conduct was unlawful.

Sec. 2 The corporation may indemnify or agree to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending, or completed action or suit by or in the right of the corporation to procure a judgment in its favor, by reason of the fact that

(s)he is or was a trustee, officer, employee, or agent of, or a volunteer of, the corporation, or is or was serving at the request of the corporation as a trustee, director, officer, employee, or agent of, or a volunteer of, another domestic or foreign nonprofit corporation or corporation for profit, or a partnership, joint venture, trust, or other enterprise, against expenses, including attorney's fees, actually and reasonable incurred by him/her in connection with the defense or settlement of such action or suit, if (s)he acted in good faith and in a manner (s)he reasonable believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any of the following:

- a. Any claim, issue, or matter as to which such person is adjudged to be liable for negligence or misconduct in the performance of his or her duty to the corporation unless, and only to the extent that, the court of common pleas or the court in which the action or suit was brought determines, upon application, that despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court of common pleas or such other court considers proper;
- b. Any action or suit in which liability is asserted against a trustee and that liability is asserted only pursuant to section 1702.55 of the Revised Code.

Sec. 3 To the extent that a trustee, director, officer, employee, agent, or volunteer has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in section (1) or (2) of this article, or in defense of any claim, issue, or matter in such an action, suit, or proceeding, (s)he shall be indemnified against expenses, including attorney's fees, actually and reasonably incurred by him/her in connection with that action, suit, or proceeding.

Sec. 4 Unless ordered by a court and subject to section (3) of this article shall be made by the corporation only as authorized in the specific case, upon a determination that indemnification of the trustee, director, officer, employee, agent, or volunteer is proper in the circumstances because (s)he has met the applicable standard of conduct set forth in section (1) or (2) of this article. Such determination shall be made in any of the following manners:

- a. By a majority vote of a quorum consisting of the Executive Board of the corporation who were not and are not parties to or threatened with the action, suit, or proceeding referred to in section (1) or (2) of this article;
- b. Whether or not a quorum as described in section (4)(a) of this article is obtainable, and if a majority of a quorum of disinterested members of the Executive Board so directs, in a written opinion by independent legal counsel other than an attorney, or a firm having associated with it an attorney, who has been retained by or who has performed services for the corporation or any person to be indemnified within the past five years;
- c. By the members;
- d. By the court of common pleas or the court in which the action, suit, or proceeding referred to in section (1) or (2) of this article was brought. If an action or suit by or in the right of the corporation is involved, any determination made by the disinterested board members under section (4)(a) of this article or by independent legal counsel under section (4)(b) of this article shall be communicated promptly to the person who threatened or brought the action or suit under section (2) of this article, and, within ten

days after receipt of such notification, such person shall have the right to petition the court of common pleas or the court in which such action or suit was brought to review the reasonableness of such determination.

Sec. 5 (a)(i) Unless, at the time of a trustee's or volunteer's act or omission that is the subject of an action, suit, or proceeding referred to in section (1) or (2) of this article, the only liability asserted against a trustee in an action, suit, or proceeding referred to in section (1) or (2) of this article is pursuant to section 1702.55 of the Revised Code, or unless section (5)(a)(ii) of this article applies, the expenses incurred by the trustee or volunteer in defending the action, suit, or proceeding, including attorney's fees, shall be paid by the corporation. Upon request of the trustee or volunteer and in accordance with section (5)(b) of this article, those expenses shall be paid as they are incurred, in advance of the final disposition of the action, suit, or proceeding.

(a)(ii) Notwithstanding section (5)(a)(i) of this article, the expenses incurred by a trustee or volunteer in defending an action, suit, or proceeding referred to in section (1) or (2) of this article, including attorney's fees, shall not be paid by the corporation upon the final disposition of the action, suit, or proceeding, or, if paid in advance of the final disposition of the action, suit, or proceeding, shall be repaid to the corporation by the trustee or volunteer, if it is proved, by clear and convincing evidence, in a court with jurisdiction that the act or omission of the trustee or volunteer was one undertaken with a deliberate intent to cause injury to the corporation or was one undertaken with a reckless disregard for the best interest of the corporation.

(b) Expenses, including attorney's fees, incurred by a trustee, director, officer, employee, agent, or volunteer in defending any action, suit, or proceeding referred to in section (1) or (2) of this article may be paid by the corporation as they are incurred, in advance of the final disposition of the action, suit, or proceeding, as authorized by the trustees in the specific case, upon receipt of an undertaking by or on behalf of the trustee, director, officer, employee, agent, or volunteer to repay the amount if it ultimately is determined that (s)he is not entitled to be indemnified by the corporation.

Sec. 6 The indemnification authorized by this section is not exclusive of, and shall be in addition to, any other rights granted to those seeking indemnification, pursuant to any agreement, a vote of members or disinterested trustees, or otherwise, both as to action in their official capacities and as to action in another capacity while holding their offices or positions, and shall continue as to a person who has ceased to be a trustee, director, officer, employee, agent, or volunteer and shall inure to the benefit of the heirs, executors, and administrators of such a person.

Sec. 7 The corporation may purchase and maintain insurance, or furnish similar protection, including, but not limited to, trust funds, letters of credit, or self-insurance, for or on behalf of any person who is or was a trustee, officer, employee, agent, or volunteer of the corporation, or is or was serving at the request of the corporation as a trustee, director, officer, employee, agent, or volunteer of another domestic or foreign nonprofit corporation or corporation for profit, or a partnership, joint venture, trust, or other enterprise, against any liability asserted against him/her and incurred by him/her in any such capacity, or arising out of his/her status as such whether

or not the corporation would have the power to indemnify him/her against that liability under this article. Insurance may be so purchased from or so maintained with a person in which the corporation has a financial interest.

Sec. 8 The authority of a corporation to indemnify persons pursuant to section (1) or (2) of this article does not limit the payment of expenses as they are incurred, in advance of the final disposition of an action, suit, or proceeding, pursuant to section (5) of this article or the payment of indemnification, insurance, or other protection that may be provided pursuant to section (6) or (7) of this article. Sections (1) and (2) of this article do not create any obligation to repay or return payments made by a corporation pursuant to section (5), (6), or (7) of this article.

Sec. 9 As used in this article, "corporation" includes all constituent corporations in a consolidation or merger, and the new or surviving corporation, so that any person who is or was a trustee, officer, employee, agent, or volunteer of a constituent corporation or is or was serving at the request of a constituent corporation as a trustee, director, officer, employee, agent, or volunteer of another domestic or foreign nonprofit corporation or corporation for profit, or a partnership, joint venture, trust, or other enterprise, shall stand in the same position under this article with respect to the new or surviving corporation as (s)he would if (s)he has served the new or surviving corporation in the same capacity.
