

Visionary Thinking Group

Ideate. Implement. Iterate

Visionary Thinking Group...

Leverages over forty years of proven, practical global experience....

Satisfies Client's challenging needs by delivering uncommon *Value-Driven* results....

Applies the synergistic dynamic of a *Clarity of Vision* and comprehension of new and emerging fundamental technologies.

The result is creation of paradigm-shifting products within key vertical market spaces.

Areas of Competence

- Advantage-Providing Products
- Applied Research & Development
- Competitive Benchmarking
- Cost Reduction/Profit Improvement
- Integrated Manufacturing Systems
- Integrated Technology Solutions
- Manufacturing Technologies
- Market Analysis/Planning
- MEMS/NANO App Development
- Microsystems App Development
- Polymer Molding Solutions
- Science & Technology Searches/App Dev
- Strategic Business Development

Benefits

- Alternatives to Entrenched Beliefs
- Business/Revenue Enhancement
- Creators of *Winfinity™* Relationships
- Engine of Opportunity

Some Results

Xerox Infrared Densitometer
Had: \$125 cost; Has \$10 cost
Had: High failure rate
Has: 99.99% reliability
Numerous automated features added

Siemens Diesel Fuel Injector Solenoid
Had: High failure rate
Has: 99.99% reliability
Added cost: Zero

Leveraged Synergy=Winfinity™

Poly-Pro Company Turn-Around
Had: \$230k/yr loss on \$5 mil/yr revenue
Has: \$6 mil profit on \$18 mil/yr revenue

Xerox-AMTEX Start-Up
Developed an integrated, polytechnic, flexible manufacturing facility; grew new strategic business worth \$130 million

Continuous Change is Inevitable For Sustained Growth

Bayer Glucose Monitor
Reduced manufacturing cost by 42%
Quality/Reliability increased to 99.99%

Cambridge Bioscience Monitor
Was: PC-sized; Is: Palm-sized
Operational costs reduced by 80%
Range of function increased by 100%

- Improved Competitive Advantage
- Incubator for Manufacturing Businesses
- Incubator for Service Businesses
- Incubator for Product-Based Businesses
