

What could you bring to the Lighthouse?

When you come to a cottage you might think that packing as light as you can is a good idea.

For the most part you'd be right.

We try to provide as much of what you'll need as possible. After all - we're here to take care of you ! Alas - we cannot provide everything so we've gathered tips and tricks from our trusty travellers to help you choose some kit to bring with you :)

- ❑ Blankets - we provide sheets and comforters but if you need extra warmth, please pack a couple of blankets
- ❑ Bottled water - our water is frequently tested but just in case
- ❑ Bug spray / bug lanterns - first thing in the morning and just around dusk you will be glad you brought these
- ❑ Flashlights and extra batteries - see below about the dark.
- ❑ Magazines, books - there is nothing better than relaxing on the beach with a good read :)
- ❑ Marshmallow / hot dog sticks - no taking branches off the trees and squirrels pee everywhere ... ewwww.
- ❑ Matches / newspaper to start the campfire (when the fire rating allows)
- ❑ Nightlights - kid or adult this might save your shins. It gets dark up here. Really dark ...
- ❑ Rainy day activities -if you are bringing kids, we'll do our best to provide sunshine every day but Mother Nature -she's tricky.
- ❑ Sunscreen and extra hats - on a sunny day playing in the water, you are less likely to feel the full effect of the sun and can get burned more easily
