

b Breeze - Patient App: iOS

Checking in to Your Appointment

1. In the **Appointments** section, tap on the appointment you would like to check in to.

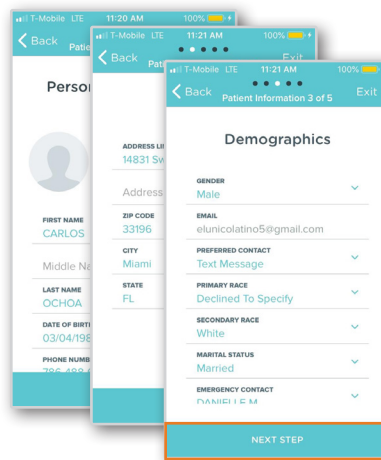

2. In the **Appointment Detail** window, tap:
 - a. **CHECK-IN NOW** for an appointment today.

- b. **PRE-REGISTER** for an appointment in the future.

3. The check-in process will begin. The first section is **Patient Information**. Review and fill in information and tap **NEXT STEP** to complete.

Note: Depending on your practice, some fields may be required. Fields that are required must be filled in to complete check-in.

- a. In the **Identity** section of **Personal Information**, tap **PICTURE OF FRONT** or **PICTURE OF BACK** to update the image if necessary.

- b. To take a picture, line the card within the white box and tap **Capture Card**.

- c. The image is now added to the section. Tap **NEXT STEP** to continue.

- d. In the **Health Insurance** section, review and modify insurances with any changes necessary and tap **NEXT STEP**.

Note: Insurances appear in orange text if information is missing.

Checking in to your Appointment

4. In the **Patients Forms** section, review and complete forms. Tap **NEXT STEP** to continue.

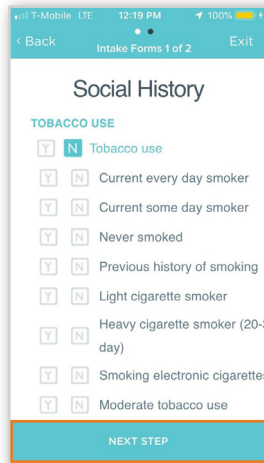

Note: Forms required for check-in are based on your practice's setup. Speak to your practice regarding any questions around forms.

5. In the **Medications & Allergies** section, review the list and make any appropriate changes. Tap **NEXT STEP** to continue.

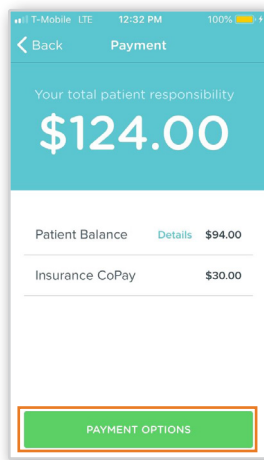

6. In the **Intake Forms** section, review and select your answers. Tap **NEXT STEP**.

Note: Forms required for check-in are based on your practice's setup. Speak to your practice regarding any questions around forms.

7. In the **Payment** section, tap **PAYMENT OPTIONS**.

a. Your payment options will appear in the pop up. Tap your payment option to continue.

Note: Depending on your practice's set up, you may have different payment options available:
 i. **Pay Total Amount** - Tap this option to pay the entire balance.
 ii. **Make Partial Payment** - Tap this option to pay a partial amount of the balance.
 iii. **Payment Plan** - Tap this option to create a payment plan.
 iv. **Pay Later** - Tap this option to continue checking in without a payment.

b. In the **Payment Method** section tap **Add or Use Card on file**.

8. If you have saved a card on file, it will appear here. Tap **Continue** to process the payment or **Add New Credit Card** to process the payment with a new card.

9. Your check-in is now completed.
