A PLACE FOR FRIENDSHIP

This is Lily – Malibu's 6 year old human and one of our Koda kids! In September 2016, she was diagnosed with ALL (acute lymphoblastic leukemia). During her most intense time in treatment, the founder of Ellie's hats showed up with a box full of fun, silly, and warm hats. As she struggled with losing her hair, the gift of these hats was more valuable than we ever knew. Help us bless other kids undergoing treatment this holiday season by donating a (new) hat. Once we complete the collection for Ellie's Hats, we will organize a trip with our Camp Koda friends in January to deliver them to children undergoing treatment.

To be involved in this effort, contact [jennifergoeller@gmail.com](mailto:jennifergoeller@gmail.com).
