

Important MSOA Resident Bulletin

April 26, 2018

Duval claims they will start clearing the Surfview @ Matanzas Shores property within the next ten days. The clearing and grading should take no more than a few days.

We are concerned about driver safety, therefore, during working hours we will be blocking off the north-east exit gate by the guard house and directing everyone to the south-east gate to exit the property.

The north-east entrance will remain open and there will continue to be no entry from the south-east gate.

Entry to the Beach Club and Surf Clubs will be from the north gate and exit from the south gate.

Please notify your owners and we will let you know when we get word that construction is about to begin.

Thank You,

MSOA Board of Directors
