

The original date for the AGM of Dec. 16/16 was cancelled because of very bad weather. Too many members would have missed the meeting and awards party since they live far from Eileen's. It was changed to Jan. 6/17 and was lots of fun !!

### New Honorary Member Wendy Downing

CCTC executives have decided that occasionally we can have a member become an Honorary Member..

In this case, Wendy Downing won't be tracking her dogs anymore but is still very interested in our sport. She has been a member since 2008, has been a tracklayer many times and we enjoy having her as part of our Club.

### **President's Report**

Report prepared and presented by Marie-P. Babin. A motion was made by Gail Gordon, seconded by Anne Whan and carried unanimously to accept the President's report as presented.

As in the past years, we've held another 5 tracking tests plus a NAMBR Tracking Test in 2016.

Thanks to all our helpful Club Members, we've had lots of tracklayers at each test, It makes running a test much easier and it's very much appreciated!

It's also so nice to have a head quarter for the presentations and lunches, thanks to Bev Wiggins.

The test secretary job was passed around to different members to make it possible for members to enter our tests since a test secretary is not allowed to enter a test that they are secretary for.

Our Fall TDX test was in a totally different location so we could offer more TDX entries.

2016 kept me busy in judging assignments with two Fall tests, for our own Club plus Thunder Day in May, Quebec in September, then London and Fort Erie in October for a total of six assignments. I also noticed that our Club member Laura McKay has also had six judging assignments this year. Aren't we busy!

Club members have been training and getting ready for test and it shows in the number of new titles this year. I'm happy to report we have thirteen new titles. The presentation will be at the end of the meeting.

Wishing all a Great Tracking Year in 2017!! Yours Truly, Club Pres, Marie-P Babin

## **New Business**

2017 Tracking Rule Book changes presented by Connie Gavin.

A motion was made by Connie Gavin, seconded by Eileen Fisher and carried unanimously that up to one quarter of places within a given test can be reserved for club workers from previous tests, as defined by the club.

Connie Gavin moved to open our tracking tests to mixed breeds and unrecognized breeds. Lynda Rupay motioned to accept and seconded by Stephanie Dixon and it was carried unanimously.

**Effective January 1, 2017**, there are some new rules and amendments to existing rules taking place. In addition, there are many housekeeping updates made to the existing rules that will not change the rule in any way, other than for clarification.

Here is the list of rule changes and amendments that will most affect the tracking community in preparing for the 2017 tracking season: the fully revised CKC Tracking Test Rules and Regulations will be printed and published on the website.

## 2 GENERAL RULES & REGULATIONS

### 2.2 Making Application

#### 2.2.4 Clubs have the option of opening their tracking tests to mixed breeds and unrecognized breeds.

This must be stated in the premium list.

If a club chooses to accept entries from mixed breeds and unrecognized breeds, they will use the following procedure:

Draw (1) Purebred dogs without a title;

Draw (2) Purebred dogs with a title;

Draw (3) Mixed breeds and unrecognized breeds without a title;

Draw (4) Mixed breeds and unrecognized breeds with a title.

### 2.7 Handlers with Disabilities

2.7.1 At the judge's discretion a modification to the exercise/routine may be made to accommodate a handler with disabilities providing that such modification does not aid the dog's performance or inhibit other dogs, and the dog is required to perform all exercises/routines.

## 3 JUDGES

### 3.2 Judge's Assignments & Authority

3.2.1 The maximum number of dogs a judge may test at a TD test in one day is twelve (12) OR the maximum number of dogs a judge may judge at a TDX test in one day is six (6).

**The maximum number of dogs a judge may judge at a UTD test in one day is ten (10)** OR the maximum number of dogs a judge may judge at a UTDX test in one day is five (5)  
The tracks may be interchanged as follows:

1 TD = 1 UTD                      1 TDX = 2 TD

1 TDX = 1 UTDX                1 UTDX = 2 UTD

## 4 PREMIUM LIST

## **6.1 Entry Requirements**

**6.1.1** Every dog entered in an approved or sanction tracking test must either be one of the following:

- (a) Be registered with the CKC
- (b)
- (b) Have an Event Registration Number (ERN); or
- (c) Have a Performance Event Number (PEN); or
- (d) Be eligible for registration with the CKC; or
- (e) Have a Miscellaneous Certification Number (MCN) if it belongs to a CKC listed breed; or
- (f) Have a Canine Companion Number (CCN) (if the club has chosen to accept entries from mixed and unrecognized breeds)

**6.1.6** Entries shall not be accepted from any person who is not in good standing with The Canadian Kennel Club on the day of entries closing. A list of persons not in good standing can be found on the CKC website.

**6.1.19** Entries must be delivered to the event secretary as stated on the premium list. At its option, the club may elect to receive entries either by mail or courier or both methods. Faxed, emailed or hand delivered entries are not acceptable. Each entry must be mailed in a separate envelope or they will be rejected.

## 6.2 Limited Entry

6.2.1 A club or association may limit entries in any or all levels by prominent announcement on the title cover page of its premium list.

## 6.5 Acceptance Date of Entries

6.5.1 Entries will only be accepted until the official closing date. **Placement in the test or onto an alternate list will be determined by a random draw.** Only one entry per event for each dog entered will be accepted by the tracking test secretary. The secretary shall open all entries as they are received and set aside any duplicate entries for the same dog in the same level. These duplicate entries so set aside shall not be included in any draw. The Secretary will notify the entrant on the day the entry is received.

## 6.6 Closing Date Entry Draw & Refunds

6.6.1 **A random draw of all non-duplicate entries will be conducted within 48 hours of the closing date.** The test secretary will conduct the entry draw tracks on the date, time and location as so specified in the Premium List. Any interested parties may attend the draw. If the stated limit is not reached, then a draw is to be conducted solely to determine catalogue order.

6.6.2 **At the discretion of the club hosting the test, up to ¼ of the places within a given test level can be reserved for club workers from previous tests, as defined by the club.** The number of places that can be set aside for this worker draw is 0 for 1-3 tracks, 1 for 4-7 tracks, 2 for 9-11 tracks and 3 for 12 tracks. The draw for these places in the test will be held immediately prior to the main draw and any entries of workers that were unsuccessful in obtaining a place in the worker draw will be added to the general pool of entrants for the main entry draw outlined in 6.6.1. If a club chooses to set aside places in the test for workers, this must be stated in the premium list along with the number of each level of tracks that will be for workers.

6.6.3 Position of the exhibitor in the test, or on the alternate list will be provided within 24 hours of the completion of the entry draw. All entries that were not drawn for a place in the test shall be assigned a position on the alternate list in the order drawn in the entry draw. At the time of the draw for tracks on test day, entries from the alternate list may fill any absentee spaces. An absentee is defined as an entrant who is not present at the time of the draw for tracks.

## 6.11 Program of Judging

6.11.1 At the tracking test, a club must provide a printed catalogue listing each entered dog and each alternate. The catalogue must contain all the information as stated in Appendix 1. The catalogue must be distributed to each exhibitor prior to the draw for tracks on the day of the test.

## 8 TRACKING TEST TITLES

### 8.1 Tests

8.1.3 A dog which has earned all 4 CKC tracking titles (TD, TDX, UTD, UTDX) under at least 2 different judges shall be awarded the title of Tracking Champion. The initials TCh may be displayed in front of the dog's name.

8.1.4 **A dog that already has a TCh title and passes 1 additional TDX test, and 1 additional UTDX test, under a different judge from when the original title was awarded, shall be awarded the title of Master Tracking Champion. The initials MTCh may be displayed in front of the dog's name.**

## 10 STANDARDS FOR TRACKING TESTS

### 10.1 Tracking Test Grounds

10.1.5 The urban-type environment consists of vegetated areas typical cities or towns and non-vegetated surfaces such as brick, concrete, gravel, sand, mulch, paving stones and asphalt. Suitable areas for urban tracking test sites include park settings, industrial and office parks, schools, campuses, sports fields, municipal or business areas. Vegetation is defined as an area where there is plant life. The majority of the vegetated portions of the UTD and UTDX tracks should be on ground cover that is regularly maintained for example, by mowing as would be typical of lawns in urban areas. Judges shall strive to find appropriate vegetation as conditions warrant for the start of urban tracks. Urban obstacles include guardrails, fences, stairs and open buildings such as gazebos and breezeways. The underside of underpasses and bridges may also be used as obstacles. No track may enter a closed building.

10.1.7 The event hosting club is responsible for ensuring that appropriate areas are available for tracking tests. At the time of initial plotting of the tracks, if the judge finds the areas provided to be unsuitable, he may at his discretion, cancel that portion of the trial test, unless suitable alternative sites are made available. If cancellation of the test or portions of the test is necessary due to unsuitability of the venue, the judge must submit a report to the CKC within 21 days of the completion of the test outlining the problems with the areas provided for the test. The club may also submit a report outlining any unusual or temporary problems that may have prevented the venue from being used. If the CKC determines that the unsuitability of the sites are of a permanent nature, the CKC may refuse any future applications for tracking tests at that level, until they are satisfied that a suitable venue is available.

### 10.5 On The Track

#### 10.5.1 The Handler

(a) Guiding is defined as behavior by the handler that influences or determines the dog's direction. Guiding is prohibited and will cause the dog to fail. Failure for guiding is solely at the discretion of the judge. Teamwork and line handling are recognized as integral to the sport of tracking. Any overt measures in the judge's estimation that change or influence a dog's direction may be considered guiding for which an entrant will be failed.

(b) The handler may not be given any assistance, except for assistance necessitated by a physical disability of the handler.

Compulsion of any kind shall not be used by the handler while setting the dog on the track or during the tracking itself. The handler may give a verbal command and/or point at the scent pad to start.

### 10.9 The Urban Tracking Dog Test (UTD)

(d) No less than 200 metres (656 feet) and not more than 270 metres (886 feet) of the track shall be on vegetation. Not less than 100 metres (328 feet) and not more than 140 metres (459 feet) shall be on non-vegetated surfaces. The total of the vegetated and non-vegetated portions of the track are specified in Section 10.9 (a). The first 30 metres (99 feet) of the track shall be on vegetation.

(g) No "obstacles" shall be included on a UTD track with the exception that stairs of no more than 2 steps are allowed.
