

"Superior Infrastructure Solutions"

COMPANY OVERVIEW

LCW Engineering, Inc. is certified DBE firm providing civil engineering and construction management services for public works infrastructure projects. We are one of few African-American woman-owned and operated civil engineering firms in the country. LCW specializes in transportation, water/sewer and site design services as well as construction management and inspection services.

LCW was established in August 2004 in Decatur, Georgia. LCW is dedicated to providing the highest quality design projects at the best possible cost to our clients. We are committed to ethics, integrity, direct client contact, superior construction plans, and prompt project delivery.
