

# Processing Your Photos SIG

## (AKA Post-Processing SIG)

**Monday, June 20, 2016**

### **How do I do that in Lightroom/Photoshop?**

(Don Rueter, Mac Rodgers, Andy Howard)

- Beginner & Intermediate discussion of your questions or problems
- What can I do in each of the 7 Lightroom modules?

### **Nik Collection basics**

(Don Rueter)

- Nik Collection recommended workflow
- Processing multiple photos in Nik tools
- What are Control Points and how are they used?

### **Nik Dfine**

(Mac Rodgers)

- What is Dfine and how do I use it?
- Sample workflows and example photos

### **Nik Viveza**

(Don Rueter, Anita Wren, Jean Drummond)

- How do I use Viveza and what will it do to my images?
- Sample workflows and example photos

### **Future Agenda Topics**

(Don Rueter, Mac Rodgers)

- What topics do you want covered in our next meeting?
- What topics are YOU willing to lead a discussion about in our next meeting?
- What questions weren't answered today you would still like to see answered?
