GENERAL MEETING APRIL 14th

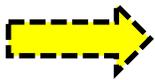

Please join us for an evening with **Forté/ADI Performance Systems** who will be sponsoring the lion's portion, with the ATSSA in support. At the meeting Brad Kalk, Vice President, will review Forté and what solutions they provide, while the focus will be on the DPF Exhaust Atomizer and the Premium ULS Diesel Booster:-

“Forté has been manufacturing and marketing high performance fuel and oil additives to automotive professionals for over 40 years.

Forté provides the industry with professional grade products that are formulated using strict quality control procedures, superior additive packages and extensive experience to provide superior solutions.

These proven solutions offer improved up time, increased engine performance and enhanced environmental benefits”.

ATSSA graduating apprentices are joining the April 14th meeting. If you're considering hiring an apprentice, this is a great chance to meet this year's grads before they start their careers and possibly, this could be with you.

ANNOUNCEMENT

Unfortunately, a great many potential Seminar Delegates find it difficult to attend this year's Canadian Fleet Maintenance Seminar for the full day's activities on May 6th.

Hearing this, the CFMS Committee has determined the most appropriate plan of action would be to reduce the planned day to an evening banquet. At that time, the 2015 Fleet Maintenance Manager of the Year (sponsored by the Volvo Canada Group) will be identified and honoured.

We regret this decision but respect the time constraints our delegates face and plan to resume the full program in the future. Until that time, we hope that you will join us at the evening's banquet and honour the 2015 Fleet Maintenance Manager of the Year.

In the interim, the ATSSA will continue to provide industry specific informational updates at the meetings. Feel free to come out, network and join the discussion.
