

# WORLD WAR III A NEW REALITY

The objective of radical Islamic terrorist is to create mass fear in the hearts of people. Life does not matter to the radical Islamic terrorist ruled by an evil heart that will train people to walk lock step and kneel to be slaughtered. They are looking for maximum carnage of all peoples who do not follow their particular form of Islam. At the first opportunity terrorists will use nuclear weapons to achieve their objective.

The terrorist battle plan that the enemy of my enemy is my friend is on full display. Forces of evil have joined to divide and conquer America. There are groups of people within our country whose objective is to carve our geographical areas, take control remake their homeland to create a new nation based own their misguided beliefs. The Islamic sectarian wars happening around the world have infiltrated our homeland. You cannot be a member of any group or organization which has not come under the influence of their Trojan horse agenda. Jihadists are instructed to join any and all political parties or organizations. People who were born in our country to foreign radicals have not assimilated into our culture. They have been taught to lay the groundwork for conversion of America to an Islamic nation and their plan is well underway. Dawa or Dawah as it is commonly known in some areas of the world is proselytizing of Islam and an active political party in many Islamic countries.

We cannot let this happen to America or our founders, previous leaders and all who have fought and died for America in this quest for liberty and freedom based on the fundamental principles that serve as the foundation of our nation will be in vain. We will not be "One Nation Under God". We will no longer stand on top of a mountain as a shining light reflecting God's love to the rest of the world. There will be no "truth" when we proclaim; "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.-- That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, ..,"

Islam where the political government is subservient to the religious leadership is not compatible with our democratic form of government as separation of the state from the Church is not possible.

We are the American generation with the responsibility to define what is meant by the word "religion" in our Constitution and establish a plan to teach our children about the foundational doctrines of America. If we fail the greatest experiment in government ever conceived will join all those which preceded it in the dust bin of history as another example of what happens to people who turn their back on God.

## **Act with a Sense of Urgency!**

You cannot Know, What You Don't Know, only God knows what tomorrow will bring.

“We the People” citizens of America who are serious about protecting our homeland must call on congress to issue a full and complete declaration of WAR. For an early outline of what this might look like see my old web site from the 2012 election at;

By the Grace of our Lord and Savior, Jesus Christ we know who will prevail!
