Application is hereby made to Mt. View-Edgewood Water Company for metered water service. I certify that I am the legal owner of the property described below.

Legal Name(s) (as noted on deed) Phone (include area code)

Current Mailing Address City State Zip

City of Edgewood Right of Way Permit Fees (Permit Application, Road Cut, etc.): \$ _____

Meter Size: _____ **Service Installation Charge:** \$ _____ **Membership:** \$ _____

Square Footage over 3600: _____ **Fire Protection Fee:**\$ _____ **TOTAL:** \$ _____

I understand that the service installation charge will include labor, materials, and costs associated with the installation. Meters and materials are, and remain, the property of the Mt. View-Edgewood Water Company. I agree to keep all water company facilities (meter boxes, fire hydrants, backflow assemblies, sample stations, water main, and valves) accessible at all times with no trees or shrubs within 2 feet of the outer perimeter of the facility. I further agree to not place a fence or any barrier between the meter, backflow assembly, and road or change the grade over existing water facilities. I grant access to the water company onto the service address property to install (if one is not present) and test annually a backflow assembly on my water service line. I understand that it is my responsibility to have an expansion tank and properly functioning T&P Valve (Temperature & Pressure Valve) in place on all water heaters. If I have any doubt, I will contact a licensed plumber. (Expansion tanks are now used in all new construction, and are required by Section 608.3 of the Uniform Plumbing Code). I understand that failure to install the expansion tank(s) may result in leaks or plumbing bursts, water damage, or injury. I understand that this membership is tied to the below service address, and as such must be transferred to the new owner(s) along with the property. I understand that failure to comply with Water Company requirements may result in water service termination.

*** Important Notice: Bi-Monthly charges (Water Base, Water Usage, and Fire Protection) shall start when the meter is installed.**
