

# BZ-03

## ESPRESSO MACHINE CLEANER - POWDER

### WHAT IT IS FOR

BZ-03 espresso machine cleaning powder is for daily cleaning of all traditional espresso machines. It is used for back flushing traditional espresso machines, soaking coffee and espresso machine parts, and cleaning coffee brewers. Eliminates residue in group heads, valves, and machine lines. Foam and solubility balanced for powerful cleaning and optimal rinsing. Under recommended conditions of use, BZ-03 is suitable for use on stainless steel materials commonly encountered in the kitchen. Do not use on aluminum.

### RECOMMENDED DOSAGE

3 to 6 grams depending on task.

### USE

Back flush (each group head):

1. Insert blind filter & add up to 1/2 teaspoon (3g).
2. Insert portafilter into group-head.
3. Activate brew cycle for 10 seconds. Stop 10 seconds. Repeat 5 times.
4. Remove portafilter and clean group-head.
5. Rinse blind filter and reinsert.
6. Repeat step 3 **without** adding BZ-03 to rinse.
7. Make and discard a shot of espresso to ensure no residue remains.

Soak:

1. Mix 1 teaspoon (6g) in one liter of hot water.
2. Soak filters and metal portion of portafilter for 30 minutes.
3. Do not submerge plastic handle.
4. Rinse with potable water.

Coffee brewers:

1. Empty coffee from equipment.
2. Sprinkle 1/2 teaspoon (3g) per 1 liters of brewer capacity directly into brew basket.
3. Run a full brew cycle into vessel. Hold for 30 minutes.
4. Rinse with clean hot water.
