John Camera, Township Administrator
Berkeley Township
P.O. Box B
Bayville, NJ 08721

Dear John,

Per our phone conversation this morning I offer the following responses to your questions.

Q: How will a secession of South Seaside Park affect the School District's Budget?

A: It will not affect how the District Budgets or the amount requested from the Township for school taxes. The Township's rateables will decrease by the amount of South Seaside Park's rateables. Therefore, the school taxes will be spread over the remaining rateable base.

Q: How will it affect any operations in the District?

A: No changes anticipated. Busing for students "over the bridge" may be decreased. But students residing in Pelican Island, would still be transported necessitating a bus going "over the bridge".

If you require additional information, please do not hesitate to contact me.

Sincerely,

Laura Gingerelli, CPA, RSBA
Business Administrator/Board Secretary
