

**ETI Corral 14, WESTERN WAGONS
PACKING DEMONSTRATION by Otis Calef
Saturday July 31, 2021, 9 AM**

Bring your own chair and lunch. The comfort wagon will be there.

Members are free but there is a \$10 fee for non-members.

Current CDC requirements will be observed.

Would you like to learn how to properly pack your horse, donkey or mule for a trip into the back country? Otis will explain the different types of packing equipment and demonstrate on his own mules. After that, he would gladly let you use his equipment (panniers, saw bucks, manties, etc.) on your animal even if you have never packed before. Maybe you would like to just walk in and lead your horse with some tools and materials to repair a trail, fix signs or just haul water for a crew or an ultra-marathon. You can do that with your western saddle! You can just come and watch or you can bring your own animal. There is plenty of parking space available. **It would be appreciated if those who wish to participate would RSVP to Otis so he can tailor the class .(805) 708-5009**
