CDL CLASS A

Working as a long-haul truck driver is a major lifestyle choice because these drivers can be away from home for days or weeks at a time.

Heavy and tractor-trailer truck drivers transport goods from one location to another. Most tractor-trailer drivers are long-haul drivers and operate trucks with a gross vehicle weight (GVW) capacity—that is, the combined weight of the vehicle, passengers, and cargo—exceeding 26,000 pounds. These drivers deliver goods over intercity routes, sometimes spanning several states.

We provide the safest and most thorough instruction and experience possible for successfully obtaining a CDL-A on the following:

- Orientation (includes drug screenings)
- Basic Operations
- Safe Operation Practices
- Advanced Operations
- Related Non-Driving Activities such as pre-trip inspections and how to properly document hours of service as required by law
- Upon successful completion of course, student will be given the Road Test by a state-certified third-party examiner to obtain his/her CDL-A

Tuition: \$4,800 (Includes two Road Test fees); \$100 non-refundable deposit – **Affordable Financing Options Available**

Total Hours of Instruction: 40 In-Classroom/120 Instruction-Practical Driving
**Student must hold a valid medical examiner certificate prior to class.*

For More Information: Call 1 (800) 371-2963 option 1 or email us at info@ProTrainEdu.org.
