## Hands-On Learning

### Solar Energy

It is going to get hot. Let's harness some energy from the sun while learning!

Participants will be learning positive and negative affects of the sun. We will be building models that can collect or use solar energy such as a solar oven and solar water heaters.

### Physical and Chemical Changes

Ice cream, slime, explosions your thing? Well this is the camp for you. We will be learning about physical and chemical changes while we enjoy some delicious ice cream, make some slime, and have a demo or two with explosions, and more!

### Taking Flight

... 3, 2, 1, Blast Off! Participants will learn about balloon flight, aeronautics, and rocketry while building their own models of hot air balloons, airplanes, and rockets. Participants will also be introduced to the contributions of scientists such as DaVinci, Bernoulli, and Newton.
