

ARE YOU COMMITTED TO PUBLIC EDUCATION?

This legislative session includes bills targeting fundamental issues for our members like education funding, collective bargaining, pensions and retirement.

OEA needs YOU to be one of the 25,000 members who sign Commitment Cards and engage in the Association's 2014 Political Action campaign.

Those who fill out Commitment Cards will be enrolled in our Advocates for Children and Education (ACEs) program. These members will receive important political action alerts, deep background on issues and legislation that affect OEA members and information on ways to take action.

Help build broader support for Ohio's public schools and defend public education on behalf of our teachers, our students, and our communities!

Visit aces.ohea.org to commit online or download your commitment card today. Just click on the I'm Committed to Public Education link.

**Commit to Public Education:
NOW IS THE TIME TO MAKE YOUR
VOICE HEARD!**
