WEST FORK RANCH

17th Annual Bull Sale **Saturday, March 26, 2022** **1:30 PM - Live Auction begins** **Charolais & Red Angus Bulls Sell**

Cattlemen,

Welcome to the 17th annual West Fork Ranch bull sale. My how time flies! We are making some changes this year as we host our first live auction. With our world changing so fast some things are for the better. To make the sale more convenient for buyers, the sale will be broadcast on DVAuction.com. If you aren't able to attend the sale, you can watch and bid online, but we would love to see you on sale day.

The bulls are exceptional this year! We truly have had a hard time sorting them down to the ones to offer on the sale. There isn't a bottom end in these two groups. The yearling weights and scrotals are the best we've ever had, if my memory serves me right. A note about the birth weights, all of our calves are weighed on one of two digital scales, so the birth weights are to the pound.

If you need more information or you would like to view the bulls prior to the sale please call. Scheduling a time to look at the bulls allows me to better serve you. I would be happy to visit with you and offer help in choosing the bull(s) that will best fit your program. If I can be of assistance, please call my cell phone at 308-750-8708.

We look forward to seeing you on Saturday, March 26th. We will have supplement sheets and catalogs at the barn when you come to look at the bulls on sale day. If it's cold, we will have the heat going, so come in and get warmed up, have some coffee and a roll and look over your catalog. After evaluating the bulls, head over to the Community Center for lunch and the live auction.

Check the website, photos and videos will be uploaded as they are available. www.westforkranch.com

Thank you for your interest in our program,

Rosie

SALE DAY CONTACTS:

Owner: Roseann Wilson 308-750-8708
Jarod Wilson 308-750-8710

AUCTIONEER: Matt Printz 308-440-2918

RINGMEN: Randy Rasby 308-539-6195
Jason Hansen 402-649-0500

LODGING:

The Frederick Hotel, 8th & "O" Street: 308-745-1241
Conveniently located across the street from the Community Center

SALE DAY PROCEDURE:

The bulls will be penned for you to evaluate at the ranch south of Loup City. Don't follow your GPS, you may end up in the hay field. Go south on Hwy 10 out of Loup City about ½ mile. Look for the West Fork sign on the west side of the road. After evaluating the bulls, head to the Loup City Community Center. Take Hwy 10 back to town. When you come to the stop sign, continue straight down "O" or Main Street, the Community Center is on your right. It is 1 mile and about a 3 minute drive. We will be serving a lunch meal and will start the auction promptly at 1:30 pm. The bulls will be displayed on big-screen tvs during the live auction. If you can't make the sale you can watch it live and bid online on DVAuction.com. If you would like to be on the phone with someone to bid please contact us or one of the sale representatives ahead of sale day.

BULL BREEDING GUARANTEE:

All of the bulls have passed a breeding soundness exam prior to the sale. We will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all bulls if the bulls are managed properly. This is not an insurance or mortality policy, but a guarantee on functional fertility. Part of being maintained properly means being on a plan of nutrition where bulls maintain or gain weight. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. Our guarantee will require that the bull weigh the same or more than he did when we performed the breeding soundness exam. We will attempt to provide a suitable replacement or sale credit for a future sale.

TERMS AND CONDITIONS:

The Auctioneer will settle any bidding disputes and his decision on such matters will be final. All sales are cash in U.S. funds unless prior arrangements have been made with the sellers. Any announcements made on sale day take precedence over printed material. Each animal becomes the risk of the Buyer as soon as sold. Anyone attending this sale attends at his/her own risk. The seller and sales management assume no liability, legal or otherwise, for any accidents occurring in, on, or about the premises.

BULL DATA:

All bulls will be ultrasounded prior to the sale and a supplement sheet with this data will be available and on the ranch website, DVAuction, and on sale day.

DELIVERY:

Bulls purchased on March 26th will be delivered within 3 weeks free of charge up to 200 miles. If you are not ready to receive your animals when we plan to deliver to your area, feeding arrangements are available for a charge of \$5 per day per animal.

DIRECTIONS:

Bulls on display at the ranch, located ½ mile south of Loup City on Hwy. 10, west side of the road. Physical Address: 78939 Hwy 10, Loup City, NE Auction will be held at the Loup City Community Building, with bull videos played during the sale.

Here's a really nice bull who has a lot of style along with a good birth and weaning weight. His Dam is the 624 cow that the kids showed the summer of 2017 and did very well. She is a daughter of Drink in My Hand, the 2014 Reserve National Champion bull, and 9175 one of our Donor cows and my all time favorites. Lot 2 is a full sib.

WFR Raised Fat Cattle Yield and Grade!

Since the late 70's my Dad, Hank Wilson, started feeding out all the calves raised on the ranch. He loved to feed cattle. He would call the buyer at Monfort's and tell them he had a load ready (16 head that he could fit on the 30 foot trailer). The buyer knew our cattle would grade so he never came to look at them just said bring them in.

As we got into the Charolais in the 80's we didn't change the program. Everything that doesn't make a bull to sell or a heifer for replacement goes into the feedlot. Hank's grandson Jarod inherited his feeding addiction and convinced me to teach him how to run the feed truck at age 14, and has been the feed truck guy ever since. Hank loved feeding the Charolais and Charolais cross cattle, especially the gold cattle. We have worked on breeding the Red's to perform as well as our Charolais.

I've been told that Charolais, especially purebreds won't grade. However, with last year's calves, we proved that they can. We sold three pens of cattle last fall and put them on the grid. These are the same genetics as the bulls we are selling.

Fats- Pen 1: There were 40 head of heifers in this group. These were mostly purebred Charolais with a few golds and greys. Keep in mind that these were the cull heifers. The top were kept for replacements.

- Live Wt 1327, Hot Yield 64.91% , Choice and Prime 87.50%,
- 40% had a Ribeye Area of 14 to 15 and 22.5% were over 15.
- This pen gained \$5.86 / cwt.

Fats - Pen 2: This was a mixed pen of steers, mostly Charolais, Red Angus and a few blacks from the club calf herd. This was a big group of 158 hd. I was a little bit concerned about gridding these because we knew there were a few in here that might not have been quite ready and a few that were over done, but they were pleasantly surprised.

- Live Wt: 1489 Hot Yield: 63.90%, Choice and Prime 88.61%,
- 25% had Ribeye Area of 14 to 15, 50% had over a 15 REA
- The market was down a little but they still gained \$2.39 / cwt.

Fats - Pen 3: This was the last pen, mixed Charolais and Reds. There were 38 head.

- Live Wt: 1271, Hot Yield: 64.97%, Choice and Prime: 86.84%.
- This pen gained \$3.09 / cwt.

Here is a great herd sire prospect. We have used No Worries on our heifers for several years now, and every year I am impressed with his calves as they rise to the top. Truly calving ease with a lot of growth. He was at the top with his weaning weight at 711, and also a yearling weight of 1233, out of a first calf heifer. To top it off he is well balanced with a nice look. Retaining 1/3 semen interest in this bull.

A real nice set of RAML Cinch bulls. We used him for cleanup on the heifers for several years with no problems. They have the performance to go along with 700 pound weaning weights.

History of the Ranch

My Dad started our Charolais herd back in 1986 buying a few heifers and that started his addiction, yes addiction, which he passed on to me. We added the Red Angus about 10 years later because he saw they would make a good cross. My Dad and Mom have passed but the addiction to improve the herd and raise the great one lives on. My nephew, Jarod, and his family are on the ranch helping and I hope I can pass the addiction on.

LOT 87 - WFRA FEEL GOOD 0376

A couple of nice fall bulls that did not get a lot of groceries though the cold winter of 2021 so don't discount their weaning. They are a little bigger and will cover a few more cows.

RED ANGUS GUIDE TO EPDS

HERDBUILDER (HB) The probability of developing profitable cowherd traits while maximizing the value of marketed progeny

GRIDMASTER (GM) The probability to increase the value of marketed calves

CALVING EASE DIRECT (CED) The probability of calves being born unassisted out of 2-year-old dams

BIRTH WEIGHT (BW) Difference in weight for progeny at birth

WEANING WEIGHT (WW) Difference in weight for progeny at 205 days of age

YEARLING WEIGHT (YW) Difference in weight for progeny at 365 days of age

AVERAGE DAILY GAIN (ADG) Difference in daily gain between 205 and 365 days of age

DRY MATTER INTAKE (DMI) Difference in feed intake for animals during the post-weaning growth period

MILK Difference in weight of a daughter's calved due to the maternal environment provided by the dam

MAINTENANCE ENERGY (ME) Difference in maintenance requirements for mature females

HEIFER PREGNANCY (HPG) Probability of a female conceiving and calving at 2 years of age

CALVING EASE MATERNAL (CEM) The ability for daughters to calve unassisted at 2 years of age

STAYABILITY (STAY) The probability of a female remaining productive in a herd until 6 years of age

MARBLING (MARB) Difference in carcass marbling scores

YIELD GRADE (YG) Difference in USDA yield grade scores

CARCASS WEIGHT (CW) Difference in hot carcass weight

RIB EYE AREA (REA) Difference in carcass rib eye area between the 12th and 13th rib

BACK FAT (BF) Difference in carcass fat depth between the 12th and 13th rib

Ranch Tested. Rancher Trusted.

Red Angus

YOUTH ALERT!

We will be offering the top end of our 2022 heifer and steer prospects this fall in a private treaty bid-off sale at the ranch in October. This year's exciting selections are just starting to hit the ground running and are looking impressive. Watch for sale information on our website and social media.
