No jeans or shorts. If you cannot come dressed appropriately, you will be denied participation in the professional visit.

Gentlemen – no t-shirts or clothing with messaging, no sports paraphernalia, including hats or caps. Ties are not required. Here are some examples of appropriate clothing for professional visits:

Remember, summer in Barcelona is very hot. We want classroom time to be casual and comfortable, so you may wear jeans, shorts or t-shirts during the times no professional visits are scheduled. For students in placements, please dress appropriate with “business casual” during the first week. After that, seek guidance about what the office work environment colleagues are wearing and follow their lead.
