Quotes:

“This applicant is a no-nonsense hard worker. In fact, her work ethic is unparalleled. She always strives to get things done as a team player and cooperative group member. She is extremely intelligent and is an innovative and creative problem solver. She is an asset to anything she does....” **Gayle Lamey Neville** - Teacher

“Because of your contribution, I can now feel less stressed about the financial burden that college brings. I will be able to focus more on my studies and less on earning money to pay for my education....This was the second year I have received an Anchor Scholarship, and I am very thankful for this. Last year I was able to focus my time on preparing for internship interviews because I did not have to worry as much about paying for tuition, and as a result, I will be interning at Facebook as a software engineer this summer.” **Sarah**
