

UV-Shine Rubber/Vinyl Protectant

PRODUCT NO.: WH-381

- Advanced Water-Based Coating
- Anti-Static
- UV-Protectant
- Non-Flammable, Non-Corrosive
- Solvent Free
- Biodegradable

UV-Shine Rubber/Vinyl Protectant is a premium, water-based, protective coating that preserves, protects, and beautifies rubber, vinyl, plastics, acrylics, and other surfaces. Its formula guards against hardening, cracking, dulling, and other harmful environmental effects. Safe in any situation, it is non-flammable, non-corrosive, and odorless.

Applications & Uses	Dilutions	Directions
Rubber, Vinyl, Acrylics, Plastics	Full Strength	Simply spray, mist, or wipe onto surface to be restored. Reapply and retreat as needed. The treated surface will have restored luster, will repel dirt and dust, and is safeguarded against the outdoor environment.
