With the holidays upon us, please be reminded that costume payments are due by December 7th. It is important for costume payments to be on-time so we can promptly order your dancer's recital costume. Each costume has to be custom made and this process can take months. We do our best to order them as early as possible to ensure that costumes arrive prior to picture week and well before recital. You will receive a costume letter by e-mail that will include the price of the costume as well as any additional items that may be required for the routine. This letter will also be viewable in the "view documents" tab on your Studio Director account. Please contact us with any questions!
