

POLY SEALERS

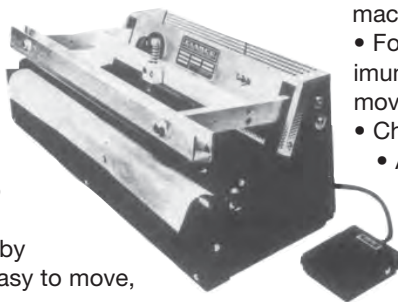

As of July 1, 2018 please add an additional 10% to prices listed.

MOTORIZED POLY SEALER...

for air and watertight sealing of polyethylene bags used for packaging food, dry goods, hardware and miscellaneous manufactured products.

MODEL W-280-16MA

- Accurate, regulated temperature selection using rheostat voltage control for smooth air and watertight seals. High consistency, strength and appearance on poly bags up to 4 Mil thickness
- Rapid warm-up takes only two minutes from turn-on.
- Portable unit can be operated by standing or seated operator. Easy to move, conveniently stored.
- For uniform, strong, attractive seals, unit uses patented low voltage heated band with non-stick cover.
- When a new non-stick covering is needed it is easily replenished from reserve supply.
- Convenient foot switch gives single-cycle sealing or continuous-cycle sealing when kept depressed.

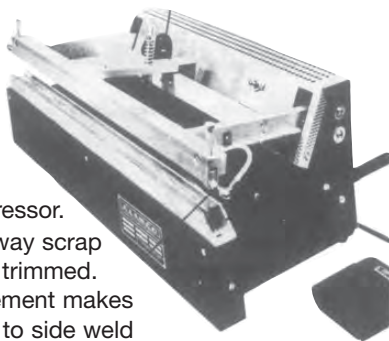

MODELS	CAPACITY	POWER	PRICE
MODEL W-280-12MA	1/8" seal, 12" bag	110V, 160W	\$1298.64
MODEL W-280-16MA	1/8" seal, 16" bag	110V, 200W	\$1510.99
MODEL W-280-24MA	1/8" seal, 24" bag	110V, 320W	\$1811.57

TRIMSEAL MACHINES...

for hosiery, undergarments, knit goods, greeting cards, sporting gear, and snack foods. Motorized or foot-pedal sealers for polyethylene and polypropylene bags. Seals, trims and blows away scrap. Neat, uniform seal is comparable to side weld seam.

MODEL W51-16MA

- Adjustable rheostat for fast selection of best sealing element temperature for polyethylene or polypropylene bags up to 2 Mil thickness
- Handy connection for plant air or small compressor.
- Efficient air jet blows away scrap after bag is sealed and trimmed.
- Long lasting sealing element makes bread seal comparable to side weld seam; trims off excess.

TRIMSEAL MACHINES, MOTORIZED

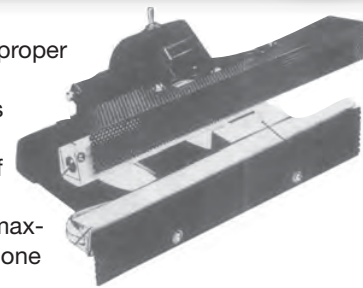

MODELS	CAPACITY	POWER	PRICE
W-51-12MA	Up to 12" bags	110V, 160W	\$1708.64
W-51-16MA	Up to 16" bags	110V, 210W	\$1894.87
W-51-24MA	Up to 24" bags	110V, 320W	\$2339.18

TRIMSEAL MACHINES, FOOT-PEDAL OPERATED

W-51-12	Up to 12" bags	110V, 160W	\$1298.64
W-51-16	Up to 16" bags	110V, 210W	\$1479.96
W-51-24	Up to 24" bags	110V, 320W	\$1894.87

MODEL252

- Heater indicator assists in proper temperature selection.
- Red safety pilot light warns operator that jaws are hot; reminds operator to turn off machine at end of day.
- For minimum wear and maximum service, there's only one moving part.
- Choice of jaws: non-stick, plain metal, serrated metal.
- Accurate thermostat controls sealing temperature of upper and lower jaws for strong attractive, watertight seal.
- All sealing jaw surfaces are heated evenly by durable heating cartridge. No hot or cold spots.
- Simple to maintain in the field. All electrical components easily replaced in minutes without special tools.
- Strong 1/4" seal matches bag strength wide seal available.

ADJUSTABLE STAND MODEL825

- Tilt top for right-angle sealing.
- (For all bench mounted sealers) 24" w 14 1/2" deep, 20 to 39" high, weight: 35 lb.
- Complete foot-pedal assembly is included with all models for bench mounting. (Pedal kit supplied with sealer, not included with stand.)

FOR ALL POLYETHYLENE BAGS-UNIVERSAL SEALER (NON-STICK JAWS)

ID NO.	MODEL	PRICE	WIDTH	LENGTH	POWER
SEAL-250	MODEL-250	\$543.96	1/4"	8-1/4"	110V,400W
SEAL-251	MODEL-251	\$592.98	1/4"	10"	110V,500W
SEAL-252	MODEL-252	\$668.11	1/4"	12"	110V,500W
SEAL-253	MODEL-253	\$803.68	1/4"	16"	110V,600W
SEAL-254	MODEL-254	\$953.96	1/4"	24"	110V,800W
SEAL-255	MODEL-255	\$1386.86	1/4"	36"	100V,1300W

FOR LAMINATED BAGS WITH POLY LINER (PLAIN JAWS)

SEAL-230	MODEL-230	\$543.96	7/8"	8-1/4"	110V,400W
SEAL-231	MODEL-231	\$592.98	7/8"	10"	110V,500W
SEAL-232	MODEL-232	\$668.11	7/8"	12"	110V,500W
SEAL-233	MODEL-233	\$803.68	1"	16"	110V,600W
SEAL-234	MODEL-234	\$953.96	1"	24"	110V,800W
SEAL-235	MODEL-235	\$1386.86	1"	36"	110V,1300W

FOR CELLOPHANE AND POLYCEL BAGS (SERRATED JAWS)

SEAL-240	MODEL-240	\$543.96	1"	8-1/4"	110V,400W
SEAL-241	MODEL-241	\$592.98	1"	10"	110V,500W
SEAL-242	MODEL-242	\$668.11	1"	12"	100V,500W
SEAL-243	MODEL-243	\$803.68	1"	16"	100V,600W
SEAL-244	MODEL-244	\$953.96	1"	24"	100V,800W

MANUAL HEAT SEALER REPAIR KIT FOR MANUAL HEAT SEALER

- 8" - 1 Wire - 1 Non-Stick - \$26.73, Seal 8K
- 12" - Wire - 1 Non-Stick - \$28.21, Seal 12K
- Microswitch - \$33.30, Seal M
- 8" - \$117.31, Seal 8
- 12" - \$176.71, Seal 12
