Ryan’s Wish Foundation - Provides assistance to families and individuals as they travel to cancer treatment appointments. Recipients receive gifts of gas cards, money for hotel stays, help with regular maintenance of vehicles for travel, funds for medical co-pays and help with medications not covered by insurance. On average Ryan’s Wish helps approximately 100 families and distributes nearly \$30,000 each year to help with cancer related expenses. The need for this program increases daily.

St. Lawrence Health Initiative’s Cancer Services Program - Since its affiliation with the Walk/Run beginning in 1997 the program has offered free screenings for breast, cervical and colon cancer. Through these screenings they have diagnosed 57 cases of breast cancer, 1 case of invasive cervical cancer and 253 precancerous diagnoses. They have performed 516 colonoscopies resulting in the diagnosis of 9 cases of cancer. Additionally, CSP will assist community residents with follow-up procedures and care related to positive screening results.
