PUP TENT NAME REQUEST

Listen Cootie,

This form is essential. Unlike our parent organization, where the Post number is exclusive, the Military order of the Cootie uses unique and exclusive Pup Tent Names. Your choices on this form will be researched to ensure that no other Pup Tent has or has ever had this name. Think carefully! Your name should not be more than twelve letters long. It should be funny, or an unusual name, one that you'll easily remember. It cannot be the name of a person living or dead. It cannot be obscene, but it can be suggestive or a tongue twister. Be creative! Remember, your Pup Tent name will be shouted out for years to come, and you want to make sure that it is remembered; one that you'll be proud to answer "Absent!" When called upon at roll call. Examples: (these are real Pup Tents and cannot be used ("Kroix Krickets" and "Cat Sass")

CHOICE #1: _____

CHOICE #2: _____

CHOICE #3: _____

Every effort will be made to use your first choice. If that one is in use, then your second choice will be researched and if that one has been used, then your third choice will be selected. Rest assured that the first choice is almost always selected, and the choice has only once gone to the third choice.

GOOD LUCK!!!
