MUSTANG IN TRAINING
at Adams County Fair
Equus Mustang Summit

Howdy!
I'm **CHAMISO**

Blank slate, ready to be your friend! Named after his native lands and the sagebrush country that he came from, as well as, his handsome presence. In holding, Chamiso was chosen as a good candidate as a Youth Training Challenge Mustang. He was chosen based off of his curious, friendly and brave personality. As a young gelding with no prior negative associations with humans, we believe he will move along through his training very well and become your best friend quickly!

Chamiso is one of the Mustangs being gentled by the Mustangers at the Adams County Fair Mustang Summit. He will be available to take home at the event. The starting bid is \$500. He is titled and adopted through Great Escape Mustang Collaborative.

Howdy!
I'm **JUNE**

Meet Miss June! She is darling and a cute mover. She was originally rescued from a kill pen and was incredibly shut down, but she really is motivated to try to understand and please! She has been haltered, leashed, and has begun groundwork, but with someone new we imagine they will need to rebuild her trust and she will be skittish and disengaged at first.

She will be one of the Mustangs being gentled by the Mustangers at the Adams County Fair. June will be available for adoption to the right home, but since she has already been through so much, she will need to be with an adopter that fits her needs to thrive in domestic life. We want to make sure she has a long lasting, suitable adoption.

Howdy! I'm **PINE NUT**

Pine Nut is a tall, leggy boy. He has primitive leg markings and is as handsome as they come! He was rescued from an auction/kill buyer situation and is still unwinding from the extra layer of human trauma he has experienced by having an unstable start to domestic life.

He will be one of the Mustangs being gentled by the Mustangers at the Adams County Fair. Pine Nut will be available for adoption to the right home, but since she has already been through so much, he will need to be with an adopter that fits his needs to thrive in domestic life. About the EQUUS Film & Arts Fest | The Mustang Summit

The EQUUS Film & Arts Fest takes place as both a Virtual and In-Person Event! It is the first event of its kind to offer a home to the storytellers of the horse world, with films, documentaries, videos, commercials, and shorts from around the world and cultural elements of fine equestrian art and literature.

The Mustang Summit has been added to the program as an educational platform to raise awareness and understanding about the American Mustangs in holding pens and available for adoption. A horse who has a safe and quiet start can be trainable and become a good partner. It is our mission to bring awareness to American Mustangs who need homes. Focusing on and highlighting the work taking place in the healing and equine assisted learning fields with Mustangs. Providing resources for all who want to learn about the Off-Range Mustang horse.

Founded in 2013 by Lisa Diersen, Director/Organizer, an equestrian, who has spent her life in the company of horses. Lisa's mission is to show the world how horses can bring everyone together regardless of race, age, gender, abilities or disabilities. She presently raises, trains and loves Lusitano horses in Saint Charles, Illinois with her Jack Russell, Amore. Julianne Neal joined the team in 2016.

Every horse has a story, it's our mission at the EQUUS Film & Arts Fest to share those stories, through film, art and literature.

The New York Times

Laurel Graeber of the NEW YORK TIMES wrote:

"EQUUS, however, has the heft and breadth of a Clydesdale, screening more than 80 films Friday through Sunday in Brooklyn. It also comprises equine art and book showcases, director panels and jury awards (the Winnies)... EQUUS has just instituted an on-demand streaming service for its films, which “aren’t made in somebody’s little back room on a laptop,” said Lisa Diersen, an equestrian and former engineer who founded the festival in 2013, “These are PBS-quality documentaries.” (Equus also shows a few fictional films.)"

Brighton, Colorado

August 1st – 4th 2024

Adams County Fair

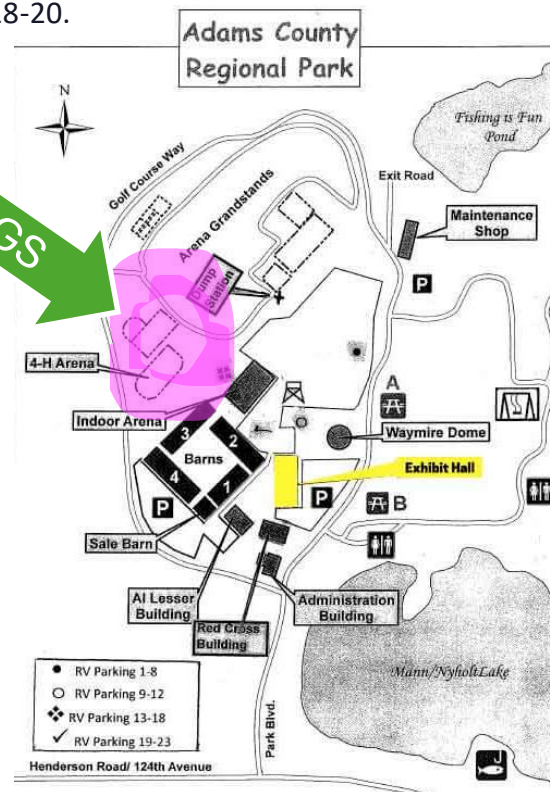

The Adams County Fair is almost as old as the county itself.

The first official Adams County Fair was held in October 1904, but the fair and rodeo predate the formation of the county. The fair dates back to 1888, when monthly Market Days were held at the fairgrounds on the south edge of Brighton, which is the present-day site of the City of Brighton Government Center at 450 South 4th Avenue.

The monthly Market Day for farm produce and livestock was organized by Brighton founder Daniel F. Carmichael and other Brighton boosters. The site was a racetrack called Driving Park, where horse races and plowing races took place and cattle and horses were auctioned. The fairgrounds also was the site of July 4th celebrations for several years.

The Platte Valley Farmers Association launched a fall fair in Brighton in 1892. The scope of this project was larger than ever before and embraced several counties. Buildings were erected at Driving Park to house exhibits. A 120' x 32' grandstand that could seat 500 people was built next to the racetrack with a fine arts hall underneath. A tent eight feet in diameter was constructed to shelter displays of agricultural products. Stalls for horses, sheds for cattle, and pens for hogs were built on the south of the racetrack.

A long list of premiums and awards were donated by local businessmen, including the Fulton Ditch Company, Arapahoe County, and various Denver business firms. On October 5, 1892, the day the fair was to begin, Brighton was hit by a terrible rain storm and the fair was postponed. Fortunately, the storm struck before the exhibits arrived, and the only real damage at the fairgrounds was to the tent, which was flattened by the high winds. The fair was finally held October 18-20.

Lisa Diersen

EQUUS Film & Arts Fest | The Mustang Summit Founder / Director

Lisa Diersen is an equestrian; riding since she could sit in a saddle, Diersen has a great appreciation for all types of equestrian disciplines. She is the Founder and Director of the EQUUS Film Festival, now in its 12th season. The EFF empowers storytellers to show horses' rich history and diverse tapestry in human culture through equestrian content, film, art, and literature. The EQUUS Film Festival is the first film festival oriented around equestrian-themed content from all over the world that also travels the world. Screening feature films, documentaries, shorts, music videos, commercials, training educational materials, art, and literature, covering all equestrian disciplines, creating a home for the storytellers of the horse world.

Created for Horse Lovers... by Horse Lovers!

Her mission is to show the world how horses can bring everyone together regardless of race, age, gender, abilities, or disabilities. Lisa is passionate about the education and enlightenment of others to the wonderful world of horses and everything they can do to enrich our lives.

Producer and writer credits on the DOWN Syndrome equine documentary "A Pony And His Boy: The Story Of Berry & Josh" for the EQUUS Film Festival in New York City and the National DOWN Syndrome Congress 2019 with SPOTLIGHT Rescue Series partner and film director Julianne Neal. Working on additional SRS documentaries to add to the series she and Neal started in 2017. The Mustang Discovery Ride Project is now in production. Lisa is the Executive Director of the Mustang Discovery Foundation. Adding "The Mustang Summit" to the programming in 2022. With a focus on educating the general public about the American Mustang Horse and its importance in the world today.

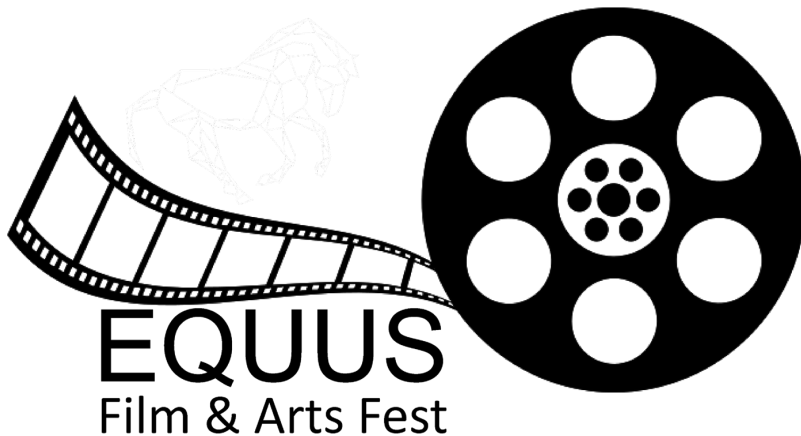

She is a published equine author with many articles to her credit. Diersen spent the early part of her career with General Motors in engineering, then moving into the subdivision development and home/barn building market, winning an Illinois Home Builder Award, before returning to her first love..... working with horses! She spends her time, when not promoting equestrian film, having fun promoting Classical Dressage, Lusitano, and Mustang horses, and spending time with her faithful Jack Russell Terrier, Amore, and her Lusitano, Urano.

Alec Adams Horse and Rider Training

Lake George, Colorado

10th Mountain Equine

Author / Mustangs Advocate / Veterans Mustang Program

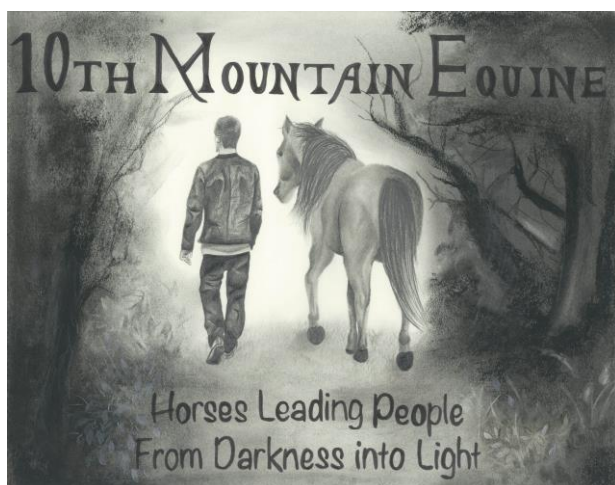

Alec Adams, President and Director of Equine Operations at 10th Mountain Equine. Trainer at Alec Adams Horse and Rider Training, she has been working professionally with horses for over 35 years internationally. A successful competition and pro rider in a variety of disciplines: Hunters, Jumpers, Eventing, Reining, Trail, English Equitation, Western Pleasure, and many Gymkhana Events, she currently works as a horse trainer, private riding instructor, Depth Hypnosis Practitioner, Equine Assisted Activity Facilitator, Ranch Manager, and Mustanger with the Mustang Summit.

Ms. Adams published the book *Mindful Horseback Riding*, and trains horses and individuals alike in methods from her book, from Trustwork to Yoga on Horseback, as well as teaching traditional riding disciplines, vaulting, and mounted archery. She also spent several years designing, creating and training both horses and staff for several companies in both North and South America, including the number one equestrian tour company in Peru, Mountain Lodges of Peru.

In 2019, Alec co-founded the Colorado 501(c)3 nonprofit 10th Mountain Equine, with the mission to rescue horses and serve our community and country by providing proven, effective Equine Assisted Therapies and Activities to improve people's lives including children, veterans and those experiencing psychological trauma. Ms. Adams has been facilitating and providing Equine Assisted Therapies and Activities to people in need for over a decade. She has developed several new modalities, including the Equine Assisted Trauma Release and the Horse Guided Hypnotherapy methods which are becoming increasingly successful across the country.

George Brauneis

Grand Valley Horse Rescue Colorado

Back in 1971, George Brauneis was one of tens of thousands of children that wrote letters to Congress and our President in support of Wild Horse Annie's efforts to better protect our Wild Horses and Burros. He was in the saddle before he could even walk. He grew up with Taffy a beautiful Palomino mare and Old Ed, a scruffy and loveable Mammoth donkey. The love of horses and donkeys, Mustangs and burros runs deep.

After graduating college, he found his way to Long Beach, California where he worked in aerospace engineering. His fingerprints can be found on the International Space Station, the B2 Bomber, the Global Hawk drone, and the C17 to name a few. But, after September 11th, 2001, he had a change of heart and returned to rural Colorado. He came back full circle to his roots of his youth with horses.

George is a master at working with QiGong energy with horses. He has a way of being that mirrors a still lake in his Qi (energy) that helps the horses feel safe and cared for and seen without stressing them out or chasing them around to get them to connect. He calls this "Becoming Catchable To Your Horse."

George is a purely positive trainer who understands the deep energy flow of Qi running through him, the horses and burros and all of the animals at the Eagles and Wild Horses Ranch. His practice of QiGong led him to discover that Qi is a horse's natural language and by matching his Qi state with the horses amazing results were possible that allow the horse to shift their behaviors naturally and with very low stress.

George has come to develop his own unique style of "Slow Dancing" with the Mustangs which allows them to trust him based on their choice of being able to connect with him when they are ready. George's primary concern is the restoration of each horse's essence which so often becomes shut down at the hands of humans. Even though they may have experienced great trauma they can once again learn to feel safe in their own bodies and trust humans again.

Lead Rider on the Mustang Discovery Ride Project

5000 Miles 5000 Mustangs

Founder: Mustang Discovery Foundation

<https://www.mustangdiscovery.com/>

Take a young woman with a passion for horses looking for a grand adventure, add American Mustangs and a host of guest riders and you have the ingredients for the “Mustang Discovery Ride.” This documentary project will tell the story of a journey across the United States on the American Discovery Trail (ADT) featuring Mustang TIP trainer, Lisanne Fear, along with her Mustangs, dogs and support team. The team is covering 12 states, coast to coast from Delaware to California, riding previously wild Mustangs while packing, camping and speaking about the power of these amazing animals. Lisanne rode out from Delaware’s historic Cape Henlopen State Park on September 28, 2021, with members of the team and is continuing her adventures through Maryland, West Virginia, Ohio, Indiana, Illinois, Missouri, Kansas, Colorado, Utah, Nevada, and California. The documentary will detail the struggles and triumphs that she encounters, most attributed to the kindness of strangers met along the journey. We will also feature aspects of the ADT in each state, Mustang adoptions inspired by the project, college and university equine programs utilizing Mustangs, Veterans Programs in existence and other Mustang-related stories. The goal of the ride is to cover 5,000 miles across the country while inspiring the adoption of 5,000 Mustangs into appropriate homes. Through the documentary film, related podcast/vodcast, and documentary-series, we are trying to reach as many people as possible to make it happen!

Taryn Hillman

Wild Hearts Horsemanship Colorado

Born and raised in Colorado, Taryn graduated from CSU with a degree in Equine Science and Agricultural Business. She pursued her passion for horses from a young age and has been actively involved in both training horses and teaching lessons for over 20 years. She became a PATH Certified Instructor in 2007, helping individuals with special needs accomplish their goals while learning how to ride. She has participated in multiple Extreme Mustang Makeover competitions and several of those mustangs became partners in her therapeutic riding and lesson program. She has also competed in the Equine Comeback Challenge and several local TIP challenges, consistently placing among the top performers. When training horses she strives to do right by the horse, using natural horsemanship training methods to gain trust and respect while working with the horse to create a partnership with the goal of developing quiet, versatile horses that most anyone can ride. Teaching and training, along with helping horses in need, are her true passions and she loves the rewarding nature of her vocation. While being actively involved in the horse training industry, the past several years she has also helped rehabilitate and train abused and neglected horses, many of which were troubled mustangs or feral horses with "baggage". She has become renowned for not only working with feral horses, but also unhandled or minimally handled horses with a rough past, many of which become riding horses.

Patrick Craig

Wild Horse Refuge

Colorado

Founder and Executive Director – Pat Craig – Pat began saving captive wildlife after learning that thousands of “surplus” animals were being kept in tiny cages in the back of zoos all across the country – with many being euthanized on a daily basis. Pat set out on a mission to help save these animals by building a small rescue facility on his family farm outside Boulder, CO. At age 19, Pat became the youngest state and federally licensed person in the country, as well as the first person to build a sanctuary dedicated to saving large carnivores and other animals.

Pat’s vision has led 44 years later to the oldest and largest nonprofit sanctuary in the world dedicated to rescuing captive exotic and endangered large carnivores that have been abused, abandoned, exploited or illegally kept. Beginning in 2022, Pat saw the need for a wild horse refuge to be created in order to help wild Mustangs in Colorado. He subsequently created the largest wild horse sanctuary in the United States by opening a 22,500-acre facility in northwest Colorado for Mustangs that were being removed from their native ranges by the BLM.

Pat’s 44 years of experience in captive large carnivore rescue, transportation, animal behavior and sanctuary development have led to his becoming a leading expert in the field. He spent more than a decade rescuing PMU horses back in the late 80’s and early 90’s and has rescued hundreds of horses in need while also operating three separate large carnivore sanctuaries.

Pat lectures regionally and nationally on captive wildlife rescue and transportation, great cat behaviors and diets, and has worked tirelessly toward better protection for these animals. He works hand-in-hand with the USDA, the U.S. Fish and Wildlife Service, the Colorado Division of Wildlife, and many other state and national organizations in the never-ending fight to rescue animals in need. Pat has also worked with Canadian, Mexican, Spanish, Bolivian, Uruguayan, Panamanian and Peruvian, Lebanese and Korean government agencies on large and extremely complicated rescues from within their countries.

Pat oversees and participates in all TWAS’ operations, including rescues, both within the United States and abroad. Pat has over 44 years of experience in designing, building and operating specialized rescue equipment for use in transporting large carnivores and wild horses and manages the largest fleet of rescue equipment in the country. His expertise in handling large rescues in demanding situations, as well as successfully covering great distances is well known among law enforcement agencies across the U.S.

Pat has a BS in Education from the University of Northern Colorado and has received recognition and awards from many sources including the United States Secretary of Agriculture Honor Award for service above and beyond to the USDA, the American Veterinary Medical Association, the American Humane Association and E-Chievement Award from E-Town Environmental Radio Show. Besides being featured as a modern-day Noah by 60 minutes news, Pat was also a finalist in Animal Planet’s “Hero of the Year” selections and currently has two Emmy Awards for educational videos he helped produce.

Colorado Horse Source

is an independently owned and operated print and online magazine for horse owners and enthusiasts of all breeds and disciplines in Colorado and surrounding areas. Our contemporary editorial columns are predominantly written by experts in the region, covering the care, training, keeping and enjoyment of horses, with an eye to the specific concerns in our region.

Why Colorado? Several years ago Karen visited Colorado Springs for an American Horse Publications Seminar. While riding through Garden of the Gods, she fell in love with the beautiful red rock formations and the desert landscape. The climate and riding opportunities were conducive to health conditions for both her family and her horse, April. When a best friend moved here five years ago, she kept urging Karen to move. The sunshine and year round riding was all it took to convince Karen it was time for a change. In April of 2021, Karen and her husband Mark moved the farm, business and home of over 32 years for a new adventure in Colorado. And so the Horse Source continues to expand.

Karen Pickering

Owner/Publisher Karen's lifelong love of horses began at a very early age when she wore out a couple of rocking horses before convincing her parents to get her the real thing. That ill-tempered bay gelding, Brandy, was a challenge for the young horsewoman, but it drove her ambition to become a horse trainer. After attending Canyonview Equestrian College's Horsemanship Program, Karen realized she needed work that was a little more lucrative than training, so she took a job with Customs Brokerage to pay the bills. There, she discovered an affinity for computers and a talent for creating informative, entertaining newsletters. The Northwest Horse Source began as such a letter in December 1995, with a distribution of 1000 copies for its 12 black and white pages. Now, over 27 years later, it's grown into two print and online magazines and websites with a reach of over 20,000 per month and growing! Then the Colorado Horse Source Magazine and website launched in March of 2022. Not bad for the results of one woman's dream to work with horses! Learn about the new venture here.

Today, Karen remains involved with every aspect of the magazine and treasures the community of thousands who share a common passion.

The Wild Horse Refuge is a private sanctuary that was created entirely for rescued Wild Mustangs that were taken from BLM Herd Management Areas (HMA) located within Colorado. The Wild Horses living on this special property are now protected and have regained the freedom and independence they had prior to government interference.

With more than 29 square miles of contiguous land to run free, their wild and free spirit has been restored. With the Refuge being located just 30 miles from the Sand Wash Basin, the horses feel right at home as they roam freely across the vast open spaces of the Refuge!

There are no paddocks, stock pens, fenced pastures, or other smaller and more restrictive spaces in use here. Instead of being relegated to pens or smaller pastures where they might have an occasional opportunity to run one or two hundred yards - or possibly even a few thousand feet... the wild horses living at the Refuge continue to run until they choose to stop.

It is truly a beautiful sight to see when these wild horses are able to regain control of where they go and what they do completely on their own!

The Wild Horse Refuge is a completely new facility that was acquired in order to create a special home for Colorado's native Wild Horses.

Wild horses (Mustangs) are allowed to roam freely within the Refuge - which has more than 22,500 acres of land for the horses to roam freely.

Freedom Reigns Sanctuary

California

Freedom Reign Foundation is a non-profit 501C (3) that is dedicating to improving the lives of horses by rescuing those that are destined for slaughter and providing them a safe haven; backing legislature that improves the quality of life for horses in many industries; and educating the public on the plight of so many horses in need.

Freedom Reigns Sanctuary is a place to observe these beautiful creatures in their natural social circles and as close to natural habitat as we can create. We provide them with the basic care of semi-annual vaccines and hoof trimmings as well as any emergency care deemed necessary as long as their future quality of life will remain adequate for this setting. The equines are given ample freedom to select the friends and companions they connect and build bonds with which usually creates mini herds with like groups. Most of the horses are naturally grazing and moving about on over 3000 acres. Several smaller groups are temporarily homed in smaller pastures either as families, mares with new babies or horses needing temporary rehabilitation. Incoming horses are always quarantined for 4-6 weeks depending on where they are coming from. Any horses not grazing in our large pastures are fed daily our farmed at the ranch, high quality oak/wheat/barley hay.

Freedom Reigns is not open to the public but visitors are welcome to contact us for a private tour if in the San Juan Bautista area. We are a working ranch in which the horses welfare is our main focus

Espana Silk Products

Trudy Midas, Co-Founder/President

4025 Orleans Ln N Minneapolis, MN 55441

The story of Espana natural grooming products goes back to 1999 and an accident in an indoor arena. Trudy Midas, co-owner of the company with husband, Bob Hansen, was thrown from her horse and broke her back making it impossible to ride again for four years. After three surgeries and years of extensive rehabilitation she was still only able to provide daily grooming and maintain the all-important animal/human bond.

During this time Trudy used virtually every grooming product on the market. The harsh chemicals in some made Bob wonder if these ingredients could be harmful to Trudy and/or her horse. The owners of seven racehorses and two pleasure horses at the time, Trudy and Bob began investigating better options. Their research indicated that a new all-natural equine grooming line would be a welcome addition in the stables.

They then set out to develop the line of all natural products that would be effective and safe for humans and animals. This process included consultations with chemists, and additional research and development which led to the inclusion of silk proteins as a key ingredient and to the pleasant signature cucumber-spa fragrance of all Espana SILK products. Finally, in 2006, the husband-and-wife team found an experienced, quality manufacturer to produce their all-natural line of grooming products.

Maryland Mustang Mission

Maryland

MARYLAND MUSTANG MISSION

Maryland Mustang Mission is a newly formed nonprofit 501(c)(3) that is devoted to spreading mustang awareness and education on the east coast by showcasing the American Mustang's versatility and ability to go from wild to mild.

Picture

Did you know that there are over 58,000 wild mustangs in holding facilities across the United States?! We need your help to successfully accomplish our mission and help get these amazing horses out of holding facilities and into forever homes! With change comes new beginnings and we are taking a leap of faith with establishing this 501(c)(3) to keep these events going. Let's make the Maryland Mustang Extravaganza and Open Show a huge success in 2024! We cannot do either of these events without you. You can help make them possible by becoming a donor, prize sponsor, competitor, and spectator. Please click the tabs to learn more about the events that will be offered. You can also find lots of great information on our Facebook page, Maryland Mustang Mission, so be sure to pop over there when you get a chance.

Mustang Leadership Partners

Tennessee Youth & Mustangs

Mustang Leadership Partners (MLP) was established in February 2009 to provide girls and young women with an opportunity to develop, practice, and improve relationship skills, responsibility, social accountability, self-awareness and self-confidence—all of which are mirrored in the mustang's behavior. Providing hands-on science experiences and equestrian training, the MLP program is grounded in the belief that horses are mirrors to our energy systems and teach us important life lessons. The MLP program requires a year-long commitment and dedication to several academic and citizenship standards.

To participate in the MLP program, CGLA students must complete an application and are selected based upon their commitment to the MLP standards and their current academic standing. The program serves up to sixteen students (eight middle school and eight high school).

Mustang Champions

Texas

Mustang Champions is a nonprofit dedicated to the adoption and sale of American mustangs in BLM holding.

We share a deep belief that we can make a difference in the lives of American mustangs. Mustang Champions is a nonprofit dedicated to the adoption and sale of mustangs that have been gathered and are currently in BLM holding.

As a 501(c)(3) working in partnership with the Bureau of Land Management Wild Horse and Burro Program we can help to transition mustangs in holding into private care to lessen the burden of an abundance of animals, reduce the cost of care to the American taxpayer and help protect rangeland. Mustang Champions will create and manage programs and events that showcase the ability and diversity of mustangs with the sole purpose of getting mustangs adopted.

We are dedicated to the proper gentling, training, and treatment of mustangs. By enlisting qualified trainers, potential adopters, owners, and all Americans who want to support our efforts, we will prepare mustangs for homes outside of government holding. We provide educational and training resources to help those interested in and working with mustangs improve their skills and knowledge to ensure better handling and care of mustangs.

Mustang Champions will help educate the American public about wild mustangs, raising positive awareness for the BLM and the WH&B Program staff.

Our hope is that with our combined efforts and talents we can give American mustangs in holding an opportunity to demonstrate their abilities as a companion or a champion.

We want to hero the American Mustang.

We are Mustang Champions.

Mustang Champions is proud to be a 501 (c)(3) nonprofit.

TRAINER INCENTIVE PROGRAM (TIP)

- MORE THAN 16,000 ANIMALS PLACED THROUGH TIP
- TRAINERS IN 40 STATES

The Trainer Incentive Program (TIP) is a training and adoption program that engages talented horse trainers nationwide. Approved TIP trainers gentle and halter train a Bureau of Land Management-branded wild horse or burro, then market and find a new home for the animal. Once a home is approved by BLM the TIP trainer is reimbursed for their training and marketing services.

WHAT WE DO

Nearly 50,000 wild horses and burros have been removed from public lands and are currently in holding pastures and corrals managed by the Bureau of Land Management (BLM). They need our help!

Mustang Heritage Foundation helps find forever homes for thousands of these horses and burros each year. We're dedicated to removing these animals from BLM holding pens and placing them into homes and private care through innovative programs, events, and education.

We have saved taxpayers an average of \$162 million each year. A wild horse or burro costs the federal government \$25,000 during the lifetime of the animal. Mustang Heritage Foundation not only saves the taxpayer money but most importantly helps provide loving homes for our national treasure – the American Mustang!

James and Greta, Owners of The Wright Salve.

A brief story about how we started this journey:
We met and befriended a traveling alchemist who shared a powerful pain relief salve with us.

We soon discovered with amazement how much this salve was helping ourselves and our friends and family in our daily lives.

Together we decided to refine and evolve this incredible pain relief salve by adding even more potent ingredients and bring it to market. Now everyone can have the opportunity to experience the multiple benefits for rejuvenation of skin conditions, muscle and joint inflammation issues, and feel the results and relief like we have!

Mindful Horseback Riding

Colorado

Alecz Adams, President and Director of Equine Operations. Ms. Adams has been working professionally with horses for over 30 years. A successful competition and professional rider in a variety of disciplines: Hunters, Jumpers, Eventing, Reining, Trail, English Equitation, Western Pleasure, and many Gymkhana Events, she also works as a horse trainer, private riding instructor, and ranch manager. Ms. Adams spent several years designing, creating and training both horses and staff for several companies, including the number one equestrian tour in Peru, Mountain Lodges of Peru. Ms. Adams also founded Destination Rescue, a program created to help small equine 501(c)3s grow and integrate into their communities, by helping each rescue find their niche and create their own programs in their area. Ms. Adams has been providing Equine Assisted Therapy to Veterans, children and families for over a decade. She has developed a new therapeutic method known as Equine Fusion Therapy that has been very successful in her practice. Ms. Adams is one of Eagle County's original Health and Human Services Equine Assisted Therapy and Therapeutic Riding providers.

The following is an excerpt from Alecz's book, Mindful Horseback Riding: "The idea of establishing a deep connection between a horse and its rider is not a new concept. Fine-tuning that connection has been pursued all around the world. From the finest Spanish and Austrian riding schools to India's horse yogis and the innumerable indigenous people who have developed very unique and connected relationships with not only horses, but all kinds of animals, worldwide." Mindfulness, in very simplified terms, is meditating in motion, and one might say that it is very much the practice of being present. Being present means thinking only about what is happening at this very moment, not allowing your mind to try to multitask, to wander, day dream, or focus anywhere other than right where you are at that very moment. Not planning for the future and not assessing the past. Horses are a phenomenal conduit for this practice, as they themselves, as animals – and particularly prey animals – are so much more present in their daily experience of existence than humans are. When we humans can focus our exemplary observation skills on just what is happening with the horse and its environment, we can learn a lot. First, one must quiet the incessant chatter that occupies space in most of our own minds.

Meet Miss June! She is darling and a cute mover. She was originally rescued from a kill pen and was incredibly shut down, but she really is motivated to try to understand and please! She has been haltered, lead, and has begun groundwork, but with someone new we imagine they will need to rebuild her trust and she will be skittish and disengaged at first.

She will be one of the Mustangs being gentled by the Mustangers at the Adams County Fair. June will be available for adoption to the right home, but since she has already been through so much, she will need to be with an adopter that fits her needs to thrive in domestic life. We want to make sure she has a long lasting, suitable adoption.
