Publicity Permission Form

There are many opportunities to celebrate the achievements and activities of our School, students, staff and faith community. There are a variety of mediums now available to publish our accomplishments, showcase our educational program and curriculum, and strengthen two-way communication with the public. While television and print publications have been traditional ways of getting information to the public, we now have the additional benefit of the internet.

In order for our school to include a student, staff member or family member in print publications, television, multi-media or the internet, permission is needed.

I give permission for my child's name, image, and/or student work products to be utilized in various forms of media, including: newsletters, Saint John Catholic Montessori School or parish web site, Saint John Catholic Montessori School print and video products, community publications, public media (local and U.S. national newspapers, magazines, television), and future types of media for the duration of his/her enrollment.
