

# South Dakota Diabetes Prevalence, 2013

● Diabetes Prevention Program

Age-Adjusted Percent

Diabetes prevalence data was accessed June 30, 2016 via the CDC Diabetes Interactive Atlas County Data Indicators: <http://www.cdc.gov/diabetes/data/countydata/countydataindicators.html>. Prevalence data is age-adjusted and categories are defined by natural breaks using ArcGIS 10.3.1. Diabetes Prevention Program locations were received via email 5/16/17. The map was created by the South Dakota Department of Health. 5/17/2017
