

Central Arkansas Section The Global Voice of Quality™

SECTION 1407 November 2016 Newsletter

www.asqcentralark.org

We hope you are able to JOIN US ON Tuesday, November 8, 2016 at Red Lobster on McCain in North Little Rock for our monthly member meeting. The meeting will begin at 6 PM with our speaker Hans Vanhaute from Molex. Hans will be presenting on “DFMA”, which stands for Design for Manufacturing and Assembly. This is a powerful approach to “Quality by Design” and Hans is a great speaker! Please try to make time to come out and enjoy a presentation on a very interesting topic.

Topic: DFMA and Quality by Design

About the Speaker:

Hans Vanhaute will be our guest speaker and is the Quality Manager at Molex. Hans Vanhaute was born and raised in Belgium as the youngest of six children. He attended Ghent State University where he earned a Master's Degree in Electrical and Electronic Engineering. Soon after graduation, he found himself working as an expatriate for Bekaert Steel Wire Corp. in Van Buren, Arkansas. At the Van Buren facility he spent four years implementing Total Quality Management. After a two-year stint in Belgium as a Production Manager, he returned to Arkansas to marry his fiancée Jacqueline. Upon his return to Arkansas, he went to work for Molex Inc., at the Maumelle facility. Positions held at Molex include: Plating Quality Engineer, Senior Customer Quality Engineer, Lean Six Sigma Black Belt, Global Lean Six Sigma Master Black Belt, and most recently Quality Manager. As Master Black Belt, Hans provides training and mentoring for Green Belts and Black Belts, consults with the Management Team regarding strategic improvement initiatives and leads several improvement activities, both at the Molex Maumelle facility, and at the Division's Product Development group, located in Lisle, Illinois. On occasion he also helps ASQ members prepare for their CQE Exams.

Don't miss out!

In case you missed the October Meeting:

Stephen Stewart, Director – Quality Control for Ally Financial in Little Rock and former Section Chair gave a great presentation to the Section about “Change Acceptance”. Members learned about some different models used to track change and to help drive acceptance of change by staff. Stephen also answered several member questions after his presentation relating to the different ways that change acceptance models apply to different situations. It was a great presentation!
